1. **DESCRIPTION OF CONTRACT BEING RENEWED:** The Illinois Department of Innovation and Technology (DoIT) and CELLCO PARTNERSHIP DBA VERIZON WIRELESS are renewing Contract # CMS793372P for wireless voice (including push-to-talk/direct connect/walkie-talkie service), data airtime services, and wireless equipment. This is the final three (3) year renewal option. This is a joint purchase master contract ("JMPC") available to all governmental units and/or qualified not-for-profit agencies in Illinois.
2. **TERMS AND CONDITIONS:** This Renewal is on the same terms and conditions as the Contract being renewed except as changed and described herein. Specifically, the Contract is amended as follows:

The following clauses are added to **Section 4.10 Indemnification and Liability:**

**4.10.1 DATA BREACH PREVENTION, NOTICE, AND REMEDIATION:** Vendor shall ensure the security, storage, and integrity of the State's content, data, computers, networks, and systems (which may include the use of encryption technology to protect the State's content and data from unauthorized access). Notwithstanding anything to the contrary in this contract, to the extent that Vendor experiences or causes an information breach or security incident that impacts the State's data, content, computers, systems, or networks, Vendor shall immediately notify the State and will use best efforts to immediately remedy any such breach or incident, and to prevent any further breach or incident, at Vendor's expense, in accordance with applicable privacy rights, laws, regulations, policies, and standards, including but not limited to the Illinois Personal Information Protection Act (815 ILCS 530). Vendor shall reimburse the State for any and all reasonable costs incurred by the State in responding to, and mitigating damages caused by, any such breach or security incident, including all costs of notice and/or remediation.

**4.10.2 DATA LOSS AND DAMAGE TO STATE COMPUTER SYSTEMS:** Vendor shall adhere to all indemnification and liability obligations stated in this Contract and will remain liable where any damage or impairment to the State's computers, systems, and networks, or any loss or corruption of the State's data or content, is due to Vendor's negligent or intentional acts and omissions. Further, Vendor shall reimburse the State for any and all reasonable costs incurred by the State in restoring such data, content, computers, systems, or networks.

Section 4.19 Notices is replaced in its entirety with the following:

**4.19 NOTICES:** Notices and other communications provided for herein shall be given in writing via electronic mail whenever possible. If transmission via electronic mail is not possible, then notices and other communications shall be given in writing via registered or certified mail with return receipt requested, via receipted hand delivery or via courier (UPS, Federal Express or other similar and reliable carrier). Notices to Vendor and Notice to the State not sent via electronic mail shall be sent using the contact information as provided with the signatures. Notices to the State via electronic mail shall be sent as described in the contract list, titled SOI and Vendor Contacts for Notifications, which is attached to this Contract Renewal and may be updated from time to time by the State with notice to Verizon. All legal notices sent by electronic mail to DoIT pursuant to this Contract or as required by this Contract, shall include the DoIT General Counsel, at DoIT.GeneralCounsel@illinois.gov. Notices to the Vendor via electronic mail shall be sent as described in the contract list, titled SOI and Vendor Contacts for Notifications, which is attached to this Contract Renewal and may be updated from time to time by the Vendor with notice to the State. Each such notice shall be deemed to have been provided at the time it is actually received. By giving notice, either Party may change its contact information.

The following is a new Section 4.28:

**4.28 COVID-19 PROTECTIONS:** In response to the COVID-19 pandemic, Governor J.B. Pritzker issued Executive Orders 2021-22 and 2021-23. These Executive Orders mandate certain contractors shall use face coverings, have COVID-19 vaccinations, or undergo testing for COVID-19 when in indoor public places, Health Care Facilities, Schools, Institutions of Higher Education, and State-owned and operated congregate facilities. Vendor shall adhere to the requirements of these Executive Orders as applied by the Agency. The Agency may also implement vaccination or testing requirements that exceed those in the Executive Orders.

3. **RENEWAL TERM:** This RENEWAL shall begin October 3, 2022 and shall run through October 2, 2025.
4. **COSTS:** Pricing for the products and services included in the Contract during the first renewal term shall remain unchanged. Pricing for products and services added with this second Contract renewal are provided in the revised comprehensive State of Illinois Pricing Catalog attached to this Contract renewal.
5. **MAXIMUM AMOUNT:** The total payments under this contract shall not exceed \$N/A without a formal amendment.
6. **SUBCONTRACTORS:** Will subcontractors be utilized?  Yes  No

As also provided in the Utilization Plan attached to this renewal, the Business Enterprise Program (BEP) and Veteran Small Business (VSB) certified vendor goals only apply to Dollars Subject to the Goal (amount remaining after exemptions are subtracted), which the State, including the Department of Innovation and Technology (DoIT), the BEP Council, and the Council on Equity and Inclusion, determined is eight percent (8%) of the total DoIT purchases during the Second Renewal, with remaining amounts being exempt from the Dollars Subject to the Goal. At the time of the Second Renewal, the estimated Dollars Subject to the Goal is three million two hundred thousand Dollars (\$3,200,000), which is eight percent (8%) of the total estimated DoIT purchases (\$40M) during the Second Renewal. The total required BEP and VSB spend during the Second Renewal is accordingly estimated at \$704,000 (22% of Dollars Subject to the Goal) and \$96,000 (3% of Dollars Subject to the Goal) respectively.

The above estimates of \$40M, \$3.2M, \$704,000, and \$96,000 are included for illustration proposes only, and the BEP and VBP subcontracting goals of 22% and 3% respectively apply to Dollars Subject to the Goal (as defined above) based on the actual amount of total DoIT purchases during the Second Renewal.

**Subcontractors Added or Continuing during Third Renewal Period**

- Subcontractor Name: ARQ LLC, d/b/a ARQ

**Subcontractor Removed**

- Subcontractor Name: IT Architects Corporation

Address: 505 N. Lake Shore Drive, Suite 217, Chicago, Illinois 60611

- 6.1. All contracts with the subcontractors identified above must include the Standard Certifications completed and signed by the subcontractor.
- 6.2. If the annual value of any the subcontracts is more than \$50,000, then the Vendor must provide to the State the Financial Disclosures and Conflicts of Interest for that subcontractor.
- 6.3. If the subcontractor is registered in the Illinois Procurement Gateway (IPG) and the Vendor is using the subcontractor's Standard Certifications or Financial Disclosures and Conflicts of Interest from the IPG, then the Vendor must also provide a completed Forms B for the subcontractor.
- 6.4. If at any time during the term of the Contract, Vendor adds or changes any subcontractors, Vendor will be required to promptly notify, in writing, the State Purchasing Officer or the Chief Procurement Officer of the names and addresses and the expected amount of money that each new or replaced subcontractor will receive pursuant to the Contract. Any subcontracts entered into prior to award of the Contract are done at the Vendor's and subcontractor's risk.

For MDN's activated on a One Talk Connected desk phone, a maximum of up to <u>seven (7) additional devices</u> can be shared with the MDN as follows: one (1) One Talk Connected desk phone, one (1) additional One Talk standard desk phone and up to five (5) Mobile Clients (Apps).				
*Current One Talk customers adding a One Talk Connected desk phone must change to this configuration.				
<b>One Talk Standard Desk Phone</b>		<b>Mobile Client (App)<sup>2</sup></b> (Includes Smartphones and Tablets)		
\$0.00 for additional devices (excluding Smartphone devices with One Talk Dialers)		\$0.00 for additional devices (excluding Smartphone devices with One Talk Dialers)		

**Notes:** Current coverage details and additional plan information can be found at [www.verizonwireless.com](http://www.verizonwireless.com). Coverage includes the Verizon Wireless 4G network. **Only One Talk Connected desk phone devices can be activated on this plan.**

One Talk service is applied to the Verizon Wireless MDN and is available on all of the user's devices. One Talk is not compatible with Fax machines, credit card POS solutions, or Security Systems. One Talk calls originated from a One Talk Connected 4G desk phone drop if either party leaves Verizon 4G coverage. When outside of the 4G coverage area devices will only operate over Wi-Fi or LAN with standard voice and SMS messaging capabilities and all One Talk features available to the user. One Talk Connected desk phones will operate over LAN when no 4G service is available.

For the Service to work on wireless devices, Customer must select the line on your agency's profile to which you wish to add the One Talk feature. <sup>1</sup>Each One Talk phone number can be shared between devices with the following limits: <sup>1</sup>Up to five smartphones and/or tablets using the One Talk Mobile App or Microsoft® Windows® and/or Apple® Mac® computers using the One Talk Desktop App, a single LTE Desk phone and a single standard desk phone. You may only make voice and/or video calls with up to three (3) devices per One Talk phone number at the same time. <sup>2</sup>The Mobile App can be used in eligible devices (includes devices from other carriers); Smartphones (without One Talk Dialers (Basic, Enhanced, and Native)), wireless and WiFi tablets. The Desktop app can be used in Windows PCs and Mac OS devices, limit five (5) total per MDN (including primary device. Installing the One Talk Mobile App consumes an estimated 30MB of data, the Desktop App consumes approximately 110MB of data.

The Service is not compatible with all price plans and desk phones are not available under all contracts. Check with your sales representative for plan compatibility with the Service and the availability of desk phones under the Contract.

<sup>1</sup>After 22 GB of data usage on a line during any billing cycle, usage may be prioritized behind other customers in the event of network congestion. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at up to 1080p. <sup>2</sup>Mobile Hotspot is available on all capable devices and allows the line to share data allowance with multiple Wi-Fi enabled devices. If 22 GB of Mobile Hotspot data usage is exceeded on any line in any given billing cycle, Verizon Wireless will limit the data throughput speeds for additional usage for the remainder of the then-current billing cycle for the line that exceeds the data usage. For data usage in Canada and Mexico, after the first 512 MB of usage in a day, throughput speeds for additional usage will be reduced for the remainder of the day. Usage outside of the United States requires a 4G LTE GSM/UMTS global-capable device.

This is a current retail plan and is subject to change or be discontinued, with 60 days' notice to the State. This One Talk Connected desk phone is not compatible with Private Network Traffic Management (PNTM) or Private Network.

<b>5G Ultra Wideband (C-Band) Domestic Data Allowance</b>	Unlimited
<b>Service Rate Plan #</b>	53974

**Notes:** Current coverage details and additional plan information can be found at [www.verizonwireless.com](http://www.verizonwireless.com). These price plans are restricted to the Verizon Wireless 5G Ultra Wideband @ network and 4G network (domestic and international roaming are not available). Service may fall back to the 4G LTE network if the Verizon Wireless 5G Ultra Wideband network becomes temporarily unavailable. Verizon's 4G LTE network is a separate network from Verizon's 5G Ultra Wideband network. \*This plan is for mobile broadband service and can only be activated on select compatible Customer-provided data routers that enable 5G Ultra Wideband (specifically C-Band) service. Customer will be required to purchase or provide a Verizon approved, compatible 5G-enabled C-Band receiver/router, and any necessary installation or connection to the Verizon Wireless network. Customer should contact Customer's account representative to determine if a Customer-provided router is compatible. <sup>1</sup>Speeds represent the maximum download speed but may be lower in the event of network congestion. Uplink speeds may be lower than downlink speeds. This plan is a fixed location plan, and 5G Ultra Wide service is being provided at the qualified service address that Verizon Wireless approved at the time the Service was activated. Where Customer chooses to use the Service in a mobile environment, Customer acknowledges and agrees that Service may fall back to Verizon's 4G LTE network where Verizon Wireless 5G Ultra Wideband service is not available. In order to protect its network, operations, and other customers, Verizon Wireless may suspend or terminate service to affected lines with prior written notice, deny activation of new lines or, upon Legal Notice, may terminate the Service, if Customer uses the Wireless Service or Devices (a) in an illegal or improper manner (including "spamming" or other abusive messaging or calling); (b) in a manner prohibited by these terms; or (c) in a manner that, in Verizon Wireless's reasonable discretion, has an adverse impact on its network, operations or customers.

**Notes:** Current coverage details and additional plan information can be found at [www.verizonwireless.com](http://www.verizonwireless.com). These plans are restricted to the Verizon Wireless 5G Nationwide@ network and 4G network (domestic and international roaming are not available). For avoidance of doubt, Verizon's 5G Nationwide@ network is a separate network from Verizon's 5G Ultra Wideband network. \*These plans are for mobile broadband service, and only available to select Customer-provided data routers. The monthly access fee will not be pro-rated when moving to a higher speed tier plan during a billing cycle (the higher access fee will be billed); a line cannot move to a lower speed tier during a billing cycle. Speeds represent the maximum speed but may be lower in the event of network congestion. After the data deprioritization threshold is met on a line during any billing cycle, usage on that line may be prioritized behind other customers in the event of network congestion for the remainder of the then-current billing cycle. These plans cannot be backdated.

<sup>1</sup>The monthly access fee will not be pro-rated when moving to a higher speed tier plan during a billing cycle (the higher access fee will be billed); a line cannot move to a lower speed tier during a billing cycle.

<sup>2</sup>Speeds represent the maximum speed but may be lower in the event of network congestion.

<sup>3</sup>After the data deprioritization threshold is met on a line during any billing cycle, usage may be prioritized behind other customers in the event of network congestion.

<sup>4</sup>If the data throughput limit threshold is exceeded on any line in any given billing cycle, Verizon Wireless will limit the data throughput speeds for additional usage for the remainder of the then-current billing cycle for the line that exceeds the data usage to the applicable throttled speed of 600Kbps.

Voice calls cannot be placed or received on these plans other than to 611 or 911 (these calls may be placed anywhere in the Nationwide Rate and Coverage Area). If the voice block feature is removed, there will be a \$0.25 per minute charge for voice calls.

Text messages cannot be sent or received on these plans. If the text message block feature is removed, there will be a \$0.20 per message charge for messages sent or received.

These plans can be used for point-of-sale, mobile terminal, and business productivity applications. Prohibited applications include, but are not limited to, continuously streaming video, public/Guest Wi-Fi, and web hosting systems without prior approval from Verizon Wireless.

**Notes:** Current coverage details and additional plan information can be found at [www.verizonwireless.com](http://www.verizonwireless.com).

These plans are restricted to the Verizon Wireless 5G Nationwide® network and 4G network (domestic and international roaming are not available). For avoidance of doubt, Verizon's 5G Nationwide® network is a separate network from Verizon's 5G Ultra Wideband network. \*These plans are for mobile broadband service, and only available to select Customer-provided data routers. The monthly access fee will not be pro-rated when moving to a higher speed tier plan during a billing cycle (the higher access fee will be billed); a line cannot move to a lower speed tier during a billing cycle. Speeds represent the maximum speed but may be lower in the event of network congestion. After the data deprioritization threshold is met on a line during any billing cycle, usage on that line may be prioritized behind other customers in the event of network congestion for the remainder of the then-current billing cycle. These plans cannot be backdated.

<sup>1</sup>The monthly access fee will not be pro-rated when moving to a higher speed tier plan during a billing cycle (the higher access fee will be billed); a line cannot move to a lower speed tier during a billing cycle.

<sup>2</sup>Speeds represent the maximum speed but may be lower in the event of network congestion.

<sup>3</sup>After the data deprioritization threshold is met on a line during any billing cycle, usage may be prioritized behind other customers in the event of network congestion.

<sup>4</sup>If the data throughput limit threshold is exceeded on any line in any given billing cycle, Verizon Wireless will limit the data throughput speeds for additional usage for the remainder of the then-current billing cycle for the line that exceeds the data usage to the applicable throttled speed.

Voice calls cannot be placed or received on these plans other than to 611 or 911 (these calls may be placed anywhere in the Nationwide Rate and Coverage Area). If the voice block feature is removed, there will be a \$0.25 per minute charge for voice calls.

Text messages cannot be sent or received on these plans. If the text message block feature is removed, there will be a \$0.20 per message charge for messages sent or received.

These plans can be used for point-of-sale, mobile terminal, and business productivity applications. Prohibited applications include, but are not limited to, continuously streaming video, public/Guest Wi-Fi, and web hosting systems without prior approval from Verizon Wireless.

	400-499 MB	\$ 2.75
	500-999 MB	\$ 2.50
	1,000+ MB	\$ 2.25

**Note:** Machine to Machine coverage included the Verizon Wireless 4G, 3G and 3G Extended networks. Current data coverage details can be found at [www.verizonwireless.com](http://www.verizonwireless.com). All lines on this Plan must be on a separate account profile from Customer's other Voice, Data and Machine to Machine lines. Billing system limitations may require lines to be set up on multiple billing accounts. Detailed billing information will only be available online and the account will require its own unique log in credentials. All charges will be billed in arrears and data usage will be rated and billed in KBs (For example, data usage in the 100MB-199MB tier will be rated between 102,400KB and 204,800KB). Data usage from all lines active, at any time during the bill cycle, on the this plan will be aggregated to determine the applicable data usage tier for that month and each line will then be billed for its usage at that rate. Customer must maintain a minimum of 2000 M2M Lines on this plan otherwise all usage on the plan will be charged at \$5.50 per MB.

## Public Safety Plans

## Custom 4G Unlimited Mobile Broadband Plan with Mobile Broadband Priority and Preemption for National Security, Public Safety, and First Responders

Government Liabe Subscribers Only

The plan below reflects the monthly access charge discount. No additional discounts apply.

Only 4G LTE GSM/UMTS global-capable devices can be activated on this plan.

Monthly Access Charge	\$35.99
Domestic Data Allowance <sup>(1)</sup>	Unlimited
Rate Plan # (Jetpack, USB, Tablet)	20663
Rate Plan # (Router, Permitted Stationary Device)	53918

**NOTE:** No domestic roaming or long distance charges. Coverage includes the Verizon Wireless 4G network; and the 3G network, while available. <sup>(1)</sup> Data usage on this rate plan is not subject to speed reductions (“throttling”) within a given billing cycle. However, in the event data usage exceeds 25GB each billing cycle for three (3) consecutive billing cycles, data throughput speeds will automatically be reduced to 600kbps for data usage exceeding 25GB per billing cycle on a go-forward basis. Data usage for actively engaged and deployed fire, police, emergency medical technicians, emergency management agency, and assigned federal law enforcement users on this plan will not be subject to speed reductions regardless of data usage during any billing cycle. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at 720p. This service plan includes Mobile Broadband Priority and Preemption. Mobile Broadband Priority allows customers to connect to the network with priority by leveraging a pool of radio resources dedicated to enable their connection. Mobile Broadband Priority identifies the user with an Access Priority setting, giving them higher priority for network access than lower Access Class users. Preemption automatically activates to provide approved personnel uninterrupted access to the network in those uncommon times when the network is fully utilized. 911 calls are never preempted. Devices utilized in conjunction with this plan are limited to mobile and fixed device applications. Dedicated streaming internet connections, streaming video on non-smartphone devices (including but not limited to, body cameras and stationary video surveillance cameras, and IoT devices are expressly prohibited on this rate plan. This plan is only available to National Security, Public Safety, and First Responder customers only as defined by the following NAICS (formerly SIC) Codes:

485111 Mixed Mode Transit Systems (Rail & Buses)	922190 Other Justice, Public Order, and Safety Activities
485112 Commuter Rail Systems	923120 Administration of Public Health Programs
621910 Ambulance Services	928110 National Security
922110 Courts	926120 Regulation and Administration of Transportation Programs
922120 Police Protection	926150 Regulation, Licensing, and Inspection of Commercial Sectors
922130 Legal Counsel and Prosecution	926130 Regulation and Administration of Comms, Electric, Gas, Utilities
922140 Correctional Institutions	921150 Am. Indian and Alaska Native Tribal Govts
922150 Parole Offices and Probation Offices	921190 Other General Government Support
922160 Fire Protection (except private)	921110 Executive Offices

**“Actively engaged and deployed” First Responders:** Verizon Wireless classifies “actively engaged and deployed” as the government liable/paid wireless lines of service of Fire departments, Police (and Sheriff) departments, Emergency Medical Technician (“EMT”), and Emergency Management Agency (“EMA”). This classification was made to support the many Fire and Police departments procuring their VZW wireless services under State, Commonwealth, or local government accounts. The State and local government Verizon Wireless billing accounts may not have a NAICS code that designates them as a Fire or Police department. Our objective is to not penalize this group of Fire or Police departments and afford them the ability to receive their service plans based on the fact that they are truly Fire and Police Departments versus how their Verizon Wireless billing accounts may be managed by the State, Commonwealth, or local government purchasing teams.

Government Liable Subscribers Only

<b>Monthly Access Fee Per MDN</b>	<b>\$0.00</b>
<p><b>NOTE:</b> Preemption Service ("Preemption") is a capability that reallocates network resources to customers so that they can connect in emergencies. In those uncommon times when the network is fully utilized, Preemption automatically activates to provide approved personnel uninterrupted access to the network. It helps ensure our national security, public safety, and first responder customers can continue to communicate with each other during times of high network use. Preemption capability is available on the Verizon Wireless 3G and 4G LTE data network. While Preemption capability may also be available on the networks of Verizon Wireless's domestic roaming partners, Verizon Wireless makes no representation of Preemption availability or reliability on such networks. Preemption is limited to select service rate plans and cannot be used in conjunction with devices or service plans utilized with dedicated internet connections (including but not limited to, stationary wireless networking router devices), streaming video on non-smartphone devices (including but not limited to, body cameras and stationary video surveillance cameras), and IoT devices are expressly prohibited from using this feature. <b>Notes.</b> 4G LTE Private Network subscribers with unlimited data plans are ineligible for Private Network Traffic Management. This service is only available while on Verizon Wireless' 4G network and is not available while roaming. VZ Private IP (MPLS) connectivity required. PNTM relies on customer's applications (VoIP, video, etc.) to appropriately mark IP sessions in order to prioritize their application over the 4G LTE Private Network using Internet Protocol Differentiated Services Code Point (IP DSCP). PNTM 4G LTE device must be certified for use on the Verizon Wireless network (e.g. Open Development/Open Access certified, validated for Private Network and Private Network Traffic Management.)

## 4G Smartwatch with NumberShare<sup>1</sup> Unlimited Plan – Government Subscribers Only

This plan is not eligible for monthly access fee discounts.

<b>Monthly Access Fee</b>	<b>\$10.00 (13413)</b>
<b>Domestic Anytime Minutes</b>	Unlimited
<b>Domestic Data Allowance<sup>2</sup></b>	Unlimited
<b>Domestic and International Messaging Allowance<sup>3</sup></b>	Unlimited

**Notes:** Current coverage details and additional plan information can be found at [www.verizonwireless.com](http://www.verizonwireless.com). This plan is for use only in the United States on the Verizon Wireless 4G network. When NumberShare is active on a 4G Smartwatch, certain services will not work on the Smartwatch device including: Call Forwarding, No Answer Transfer, Busy Transfer, Caller Name ID, Voicemail (access voicemail on the Smartwatch device by dialing the host smartphone number and pin), and RingBack Tones. Calls and messages to/from blocked contacts will not be blocked on the Smartwatch when NumberSharing with a host smartphone. Verizon does not guarantee that NumberShare will work at all times in every situation and the service works only with eligible devices.

1. Only lines on select smartwatches with the NumberShare service can be activated on this plan. Certain conditions must be met prior to activation. This plan can only be used when paired with a Verizon Wireless Smartphone that has unlimited data.
2. Usage may be prioritized behind other customers in the event of network congestion.
3. Unlimited messaging from within the United States to anywhere in the world where messaging services are available.

### Activation Conditions:

Host device (smartphone) must be HD Voice capable (and enabled) and on the same sub-account as the NumberShare extension device. The extension device (watch) must be NumberShare eligible and also be HD Voice capable (and enabled).

### Notes:

Non-HD Voice capable or enabled smartphones will not be reflected as an available NumberShare host. Eligible smartphone must be active on the account before it can be referenced as the host device in a NumberShare order.

## 4G Business Unlimited Smartwatch Plan (Standalone) Government Subscribers

This plan is Not eligible for monthly access fee discounts.

<b>Monthly Access Fee</b>	<b>\$20.00 (32836)</b>
<b>Voice Minutes Allowance</b>	Unlimited
<b>Domestic Data Allowance<sup>1</sup></b>	Unlimited
<b>Unlimited Domestic Text Messages</b>	Included
<b>International Text Messages while in the U.S.</b>	Included

**Notes:** Current coverage details and additional plan information can be found at [www.verizonwireless.com](http://www.verizonwireless.com). Coverage includes the Verizon Wireless 4G network; and the 3G and 3G Extended networks, while available. Only select smartwatch devices can be activated on this plan.

<sup>1</sup>After 22 GB of data usage on a line during any billing cycle, usage may be prioritized behind other customers in the event of network congestion. If 10 GB of Mobile Hotspot data usage is exceeded on any line in any given billing cycle, Verizon Wireless will limit the data throughput speeds to up to 600 Kbps for additional usage for the remainder of the then-current billing cycle for the line that exceeds the data usage. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at up to 1080p.

<sup>2</sup>Data usage generated in Canada and Mexico will be billed at the rates in the table above and will be aggregated to determine the applicable data usage tier for that month. For data usage in Canada and Mexico, after the first 512 MB of usage in a day, throughput speeds for additional usage will be reduced for the remainder of the day. Usage outside of the United States requires a 4G LTE GSM/UMTS global-capable device.

This is a current retail plan and is subject to change or be discontinued, with 60 days' notice to the State. This Business Unlimited Plan is not compatible with Private Network Traffic Management (PNTM) or Private Network.

Mutualink solution provides the interoperability required when an active incident occurs (robbery, shooting etc.), and there is a need for different public safety agencies, schools, or commercial establishments to work together. Specifically allow all parties to exchange video, files (e.g. floor plans), messages, in addition to instant Push To Talk for voice communication.

Interoperability – Mutualink solution improves collaboration (Audio, Video, Data) during emergencies in real-time. Overcome silos by enabling you to share information, between first responders, schools, and private security personnel, when you need it.

1. IWS Edge Client – Has a way of allowing drag and drop of participants and creating an active incident. Sharing audio/video data.
2. Multimedia PTT Client – Group communication to share audio/video data.
3. Radio Gateway Interconnection – Monthly charge for connecting the radio gateway to the hosted solution
4. Video Gateway Interconnection - Monthly charge for connecting the radio gateway to the hosted solution
5. Telephone Interconnection - Monthly charge for connecting the radio gateway to the hosted solution (Wireline)

## Verizon Wireless Plan and Feature Details

**Plans and Associated Charges:** Billing, shipping and end-user address must be within an area where Verizon Wireless is licensed and provides service. Charges for calls will be based on the cell sites used, which may be outside the calling plan coverage area even when the subscriber is physically within the coverage area. Time of the call is based on the telephone switching office that carries the call, which may be different from the time of day shown on subscriber's phone. Unused monthly minutes and/or Megabytes are lost. On outgoing calls, charges start when subscriber presses **SEND** or the call connects to a network, and on incoming calls, when the call connects to a network (which may be before it rings). A call may end several seconds after subscriber presses **END** or the call disconnects. Calls made on the Verizon Wireless network are only billed if they connect (which includes calls answered by machines). Billing for airtime and related charges may sometimes be delayed. Calls to "911" and certain other emergency services are toll-free and airtime-free. Airtime may be charged when dialing toll-free numbers.

**Price Plan Changes:** When changing calling plans/features, depending upon the calling plan/feature selected, changes may be:

- Backdated to the beginning of the billing cycle;
- Future dated to the beginning of the next billing cycle; or
- Made effective that day and therefore prorated based on the number of days the service is provided, rather than billing for the entire bill cycle.

Please note: Backdating is recommended when the customer has exceeded the existing plan/feature allowance or wants the benefit of the new allowance in the current bill cycle. System logic restricts backdating in the following scenarios: moving down in plan access charge; changing from a data plan to a voice plan; or if the plan is not available on the first day of the bill cycle, as may be the case with a new pricing launch. Under these scenarios, changes are either processed on demand or with future dating.

**Anytime Minutes:** Anytime Minutes apply when making or receiving calls from a calling plan's rate and coverage area. Coverage information is available at [www.verizonwireless.com](http://www.verizonwireless.com). Airtime is rounded up to the next full minute. Allowance minutes/Megabytes are not transferable except as may be available on plans with sharing. In order to gain access to coverage in newly expanding markets, subscribers must periodically dial \*228 to update roaming information from voice or Smartphone devices; from the VZAccess Manager, go into "Options" and click "Activation," while in the National Enhanced Services Rate and Coverage Area every three months. This may alter the rate and coverage area. Automatic roaming may not be available in all areas and rates may vary. Roaming charges may be delayed to a later bill.

**Long Distance:** Unlimited domestic long distance is included when calling from the plan's rate and coverage area, unless otherwise specified in the plan.

**Unlimited Messaging:** Unlimited Messaging is included with the certain plans and is available in the National Enhanced Services rate and coverage area in the United States. Messaging applies when sending and receiving (i) text, picture and video messages to and from Verizon Wireless and Non-Verizon Wireless customers in the United States, (ii) Text, picture, and video messages sent via email, (iii) Instant messages, and (iv) Text messages with customers of wireless carriers in Canada, Mexico, Puerto Rico, and the U.S. Virgin Islands. Messaging is subject to Text, Picture, and Video Messaging Terms and conditions. Premium messages are not included. **Friends & Family:** Calls directed to and received from an account's listed Friends & Family numbers shall not use Monthly Anytime Voice Minutes. For Nationwide for Business plans with 900 minutes or more or 450 minute plan with the share option can add up to ten (10) Friends & Family numbers. Only calls from Nationwide Coverage Area to designated domestic landline or wireless numbers (excluding Directory Assistance, 900 numbers, or customer's own wireless or Voicemail access numbers) may be added; all qualifying lines on an account share the same Friends & Family numbers, up to account's eligibility limits; My Verizon, My Business Account or Verizon Enterprise Center is required to set up and manage Friends & Family numbers.

**Mobile to Mobile Calling:** Mobile to Mobile Calling minutes apply when making calls directly to or receiving calls directly from another Verizon Wireless subscriber while in the Nationwide Rate and Coverage area. Mobile to Mobile calls must originate and terminate while both Verizon Wireless subscribers are within the Mobile to Mobile Calling area. Mobile to Mobile Calling is not available (i) with fixed wireless devices with usage substantially from a single cell site, (ii) for data usage including Picture or Video Messaging (iii) if Call Forwarding or No Answer/Busy Transfer features are activated, (iv) for calls to Verizon Wireless customers using any of the global services, (v) for calls to check Voice Mail, (vi) in those areas of Louisiana and Mississippi where the users roaming indicator flashes, (vii) in Canada and Mexico and (viii) to users whose current wireless exchange restricts the delivery of Caller ID And (viii) for incoming calls if Caller ID is not present or Caller ID Block is initiated. Mobile to Mobile Calling minutes will be applied before Anytime Minutes.

**Night and Weekend Minutes:** Apply to calls made in a calling plan's rate and coverage area only during the following hours: 12:00 am Saturday through 11:59 pm Sunday and 9:01 pm to 5:59 am Monday through Friday. If both Night and Weekend and Mobile to Mobile Calling minute allowances apply to a given call, Mobile to Mobile Calling minutes will apply before Night and Weekend minutes. However, if either allowance is unlimited, the unlimited allowance will always apply first.

**Nationwide for Business Share Option:** The Share Option is available to businesses with a minimum of five (5) Nationwide for Business lines on the same account with the share option. The Monthly Anytime Minutes of all lines on an account will be aggregated, and then allocated first to the line with the highest anytime minute usage, and then to the line with the next highest usage.

**Push to Talk Plus:** Push to Talk Plus (PTT+) capable Equipment required. Push to Talk Plus capable Equipment can only be used with a Push to Talk Plus calling plan. **Subscribers switching from a Push to Talk Plus Calling Plan to another calling plan may not be able to use certain Push to Talk Plus capable Equipment with the new plan.** Push to Talk Plus calls may only be made with other Verizon Wireless Push to Talk Plus subscribers. Push to Talk Plus Subscribers may initiate or participate on a call, simultaneously, with as many as 250 total participants (total is limited to (50) if interoperating between 3G and 4G participants). Administrators can be designated to manage the Push to Talk contact lists via a single website interface with a single user name/password. Existing Push to Talk Subscriber Equipment may require a software upgrade to use Push to Talk Plus or replacement with a Push to Talk Plus capable device. Push to Talk Plus is only available within the National Enhanced Services Rate and Coverage Area and WiFi access points. There will be a delay from the time a Push to Talk Plus call is initiated until the Push to Talk Plus call is first received by the called party. If an incoming voice call is received while on a Push to Talk Plus call the voice call may be answered and the Push to Talk Plus placed on hold. If an incoming Push to Talk Plus call is received while on a Push to Talk Plus call the PTT call icon can be selected to connect to the Push to Talk Plus call. If the incoming voice or Push to Talk Plus call is not answered a missed call alert will display. Network registration information will be sent to the Equipment each time it is powered on in the National Enhanced Services Rate and Coverage Area, each time the Subscriber travels into the National Enhanced Services Rate and Coverage Area, and every 12 hours if the Subscriber stays within the National Enhanced Services Rate and Coverage Area. While the updated network registration information is being sent to the Equipment, incoming voice calls will go directly to voice mail. Contact list cannot be modified from certain Equipment. Subscriber cannot prevent others who have the Subscriber's MTN from entering the MTN into their Push to Talk contact list. Only one person can speak at a time during a Push to Talk Plus call. In-Call Talker Override (Talker Priority) allows a pre-determined user priority to take the floor to communicate urgent message over participant. Push to Talk Plus services cannot be used for (i) access to the Internet, intranets or other data networks, except as the device's native applications & capabilities permit, (ii) any applications that tether Equipment to laptops, personal computers or other devices for any purpose. Please visit our website [www.verizonwireless.com](http://www.verizonwireless.com) for additional Push to Talk Plus information.

**International Eligibility:** International Eligibility requires a minimum payment history and credit approval; a contract term and security deposit may also be required. Failure to maintain these requirements may result in suspension of International Eligibility without notice. You can remove International Eligibility at any time by calling Customer Service. You are responsible for any unauthorized use of your SIM Card and will safeguard security codes. Upon termination of service, destroy your SIM Card. **See [verizonwireless.com/global](http://verizonwireless.com/global) for details.** **International Long Distance:** You need International Eligibility to make international calls to most countries, but you can make calls to some North American destinations without it. Additional surcharges may apply when calling certain countries; see [verizonwireless.com/global](http://verizonwireless.com/global) for additional information.

details.

**Verizon Wireless International Long Distance Value Plan:** International Eligibility required to call most countries. Value Plan feature is not available on all Plans. Rates are subject to change without notice. Standard International Long

Distance rates apply in addition to airtime charges per your Plan on calls made from the Verizon Wireless network. Rates and service availability may vary when your phone's banner displays "Extended Network." Value Plan rates apply only on calls to Value Plan Countries made from your Plan's Rate and Coverage Area. If a subscriber's Plan's Rate and Coverage Area includes calls to any Value Plan country, those calls will be billed per the Plan. Except when roaming on another carrier's network, in which case that carrier's rates, taxes and surcharges apply. For Value Plan subscribers, calls made from the Verizon Wireless network to countries not included in the Value Plan will be billed at standard International Long Distance rates. Additional surcharges may apply when calling certain destinations, see [www.verizonwireless.com/international](http://www.verizonwireless.com/international) for details.

**International Roaming:** Some services, such as premium text messaging, directory assistance, entertainment lines and third-party services, may be available, and charges for these services will be billed (along with applicable toll charges) in addition to roaming rates. Message-waiting-indicator service is not available where Text Messaging is not available. When using Global Phone, or Global Data services, or if you subscribe to a Nationwide Plus Canada or Nationwide Plus Mexico Plan, and you're roaming near country borders, calls may be carried by a cell site located in a neighboring country and billed at that country's rates. Verizon Wireless will terminate your service for good cause, upon 60 days written notice, if less than half of your voice or data usage over three consecutive billing cycles on the Verizon Wireless National Enhanced Services Rate and Coverage Area. See [verizonwireless.com/global](http://verizonwireless.com/global) for rates and destinations, which are subject to change without notice. International Eligibility required for GSM roaming in many destinations. Rates, terms and conditions apply only when roaming on participating GSM networks in published destinations. Availability of service, calling features, and Text messaging varies by country and network and may be restricted without notice. You must add International Eligibility to your account to roam in many destinations. Visit [verizonwireless.com/naroaming](http://verizonwireless.com/naroaming). By using Equipment outside the United States, subscriber is solely responsible for complying with all applicable foreign laws, rules and regulations ("Foreign Laws"), including Foreign Laws regarding use of wireless phones while driving and use of wireless camera phones. Verizon Wireless is not liable for any damages that may result from subscriber's failure to comply with Foreign Laws.

**Roaming in GSM countries:** GSM Global Phone, activated in the United States with compatible Subscriber Identity Module (SIM) card required. Rates, terms and conditions apply only when roaming on participating GSM networks in published Global Phone countries. Service may be available in additional countries, but airtime rates, availability of calling features, and ability to receive incoming calls (including return calls from emergency services personnel) may be restricted. See [www.verizonwireless.com](http://www.verizonwireless.com) for coverage and airtime rates. Service in certain countries may be blocked without prior notice. Where Text messaging is available, Customer will be charged \$0.50 for each message sent and \$0.05 for each message received. Text messaging rates are subject to change. Text messages may be sent only to MTNs of (i) Verizon Wireless customers, and (ii) customers of foreign wireless carriers that participate in international text messaging. Check [www.vtext.com](http://www.vtext.com) for the most current list of participating foreign carriers.

**Data Services:** Verizon Wireless charges you for all data and content sent or received using our network (including any network overhead and/or Internet Protocol overhead associated with content sent or received), as well as resolution of Internet Protocol addresses from domain names. Sending or receiving data using a virtual private network (VPN) involves additional VPN overhead for which you will be charged. Please note that certain applications or widgets periodically send and receive data in the background, without any action by the user, and you will be billed for such data use. Applications may automatically re-initiate data sessions without you pressing or clicking the **SEND** or connect button. Data sessions automatically terminate after 24 hours. A data session is inactive when no data is being transferred. Data sessions may seem inactive while data is actively being transferred, or may seem active when the data is actually cached and data is not being transferred. If you have a Data Only plan and use voice service, domestic voice calls will be billed at \$0.25/minute.

Verizon Wireless is implementing optimization and transcoding technologies in our network to transmit data files in a more efficient manner to allow available network capacity to benefit the greatest number of users. These techniques include caching less data, using less capacity, and sizing the video more appropriately for the device. The optimization process is agnostic to the content itself and to the website that provides it. While Verizon Wireless invests much effort to avoid changing text, image, and video files in the compression process, and while any change to the file is likely to be indiscernible, the optimization process may minimally impact the appearance of the file as displayed on your device. For a further, more detailed explanation of these techniques, please visit [verizonwireless.com/vzwoptimization](http://verizonwireless.com/vzwoptimization). Verizon Wireless strives to provide customers with the best experience when using our network, a shared resource among tens of millions of customers. To further this objective, Verizon Wireless has implemented Network Optimization Practices designed to ensure that the overwhelming majority of data customers aren't negatively impacted by the inordinate data consumption of a few users. For a further more detailed explanation of these techniques please visit [www.verizonwireless.com/networkoptimization](http://www.verizonwireless.com/networkoptimization). Data transfer amounts will vary based on application. If you download an audio or video file, the file may be downloaded in sections or in its entirety; data charges will apply to the portion downloaded, regardless of whether you listen to or watch all of it. You may access and monitor your own data usage during a particular billing period, including during the Return Period, by accessing My Verizon online or by contacting Customer Service.

**Data Services: Permitted Uses:** You can use Verizon Wireless Data Services for accessing the Internet and for such uses as: (i) Internet browsing; (ii) email; intranet access (including accessing corporate intranets, email and individual productivity applications made available by your company); (iv) uploading, downloading and streaming of audio, video and games; and (v) Voice over Internet Protocol (VoIP).

**Data Services: Prohibited Uses.** You may not use our Data Services for illegal purposes or purposes that infringe upon others' intellectual property rights, or in a manner that interferes with other users' service, that violates trade and economic sanctions and prohibitions as promulgated by the Departments of Commerce, Treasury or any other U.S. government agency, that interferes with network's ability to fairly allocate capacity among users, or that otherwise degrades service quality for other users. Examples of prohibited usage include: (i) server devices or host computer applications that are broadcast to multiple servers or recipients such that they could enable "bots" or similar routines (as set forth in more detail (ii) below) or otherwise denigrate network capacity or functionality; (ii) "auto- responders," "cancel-bots," or similar automated or manual routines that generate amounts of net traffic that could disrupt net user groups or e-mail use by others; (iii) generating "spam" or unsolicited commercial or bulk e-mail (or activities that facilitate the dissemination of such e-mail); (iv) any activity that adversely affects the ability of other users or systems to use either Verizon Wireless' services or the Internet-based resources of others, including the generation of dissemination of viruses, malware, or "denial of service" attacks; (v) accessing or attempting to access without authority, the information, accounts or devices of others, or to penetrate, or attempt to penetrate Verizon Wireless' or another entity's network or systems; or (vi) running software or other devices that maintain continuous active Internet connections when a computer's connection would otherwise be idle or "any keep alive" functions, unless they adhere to Verizon Wireless' requirements for such usage, which may be changed from time to time.

Verizon Wireless further reserves the right to take measures to protect our network and other users from harm, compromised capacity or degradation in performance. These measures may impact your service, and Verizon Wireless reserves the right to deny, modify or terminate service, with or without notice, to anyone Verizon Wireless believes is using Data Services in a manner that adversely impacts the Verizon Wireless network. **Verizon Wireless may monitor your compliance, or other subscribers' compliance, with these terms and conditions, but Verizon Wireless will not monitor the content of the communications except as otherwise expressly permitted or required by law. [See [verizonwireless.com/privacy](http://verizonwireless.com/privacy)]**

**Unlimited Data Plans and Features (such as Mobile Broadband Access, BroadbandAccess and certain VZEmail services) may ONLY be used with wireless devices for the following purposes:** (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation). The Unlimited Data Plans and Features MAY NOT be used for any other purpose. Examples of prohibited uses include,

Verizon Wireless offers this pricing utilizing the terms and conditions of the State of Illinois Contract CMS 793372P. Alternatively, you may contact your local Verizon Government Sales representative for additional information. [Exhibit 1] ©Verizon 2022

without limitation, the following: (i) continuous uploading, downloading or streaming of audio or video programming or games; (ii) server devices or host computer applications, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, automated machine-to-machine connections or peer-to-peer (P2P) file sharing; or (iii) as a substitute or backup for private lines or dedicated data connections. This means, by way of example only, that checking email, surfing the Internet, downloading legally acquired songs, and/or visiting corporate intranets is permitted, but downloading movies using P2P file sharing services and/or redirecting television signals for viewing on laptops is prohibited.

For individual use only and not for resale. We will protect our network from harm, which may impact legitimate data flows. We will limit throughput or amount of data transferred exceeding 25 GB to 200 Kbps up and 200 Kbps down in a given billing cycle, and reserve the right to deny or terminate service, with 60 days notice, to anyone we believe is using an Unlimited Data Plan or Feature in any manner prohibited above or whose usage adversely impacts our network or service levels. Anyone using more than 25 GB per line in a given month is presumed to be using the service in a manner prohibited above, and we will limit data throughput speeds for all additional usage on that line for the remainder of that bill cycle. We also reserve the right to terminate service upon 60 days notification to the customer.

Unlimited VZAccess and VZEmail: NationalAccess, BroadbandAccess, and GlobalAccess data sessions may be used for the following purposes: (i) Internet browsing, (ii) e-mail, and (iii) intranet access (including access to corporate intranets, e-mail and individual productivity applications like customer relationship management, sales force and field service automation). Unlimited VZAccess and VZEmail services cannot be used (i) for uploading, downloading or streaming of movies, music or games; (ii) with server devices or with host computer applications, other than applications required for BlackBerry or Wireless Sync service, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, Voice over IP (VoIP), automated machine-to-machine connections, or peer-to-peer (P2P) file sharing, or (iii) as a substitute or backup for private lines or dedicated data connections. Additionally, Unlimited

VZEmail services cannot be used for, (i) access to the Internet, intranets or other data networks, except as the Equipment's native applications and capabilities permit, or (ii) for any applications that tether Equipment to laptops or personal computers other than for use of the Wireless Sync or BlackBerry Solutions. Unlimited BroadbandAccess and NationalAccess data sessions automatically terminate after 2 hours of inactivity, unless Subscriber has Mobile IP (MIP) capable Equipment

**Data Roaming:** In the Canadian Broadband and Canadian Enhanced Services Rate and Coverage Areas, usage will be charged at a rate of \$0.002/KB or \$2.05/MB. In the Mexican Enhanced Services Rate and Coverage Area, usage will be charged at a rate of \$0.005/KB or \$5.12/MB. In other available countries, usage will be billed at a rate of \$0.02/KB or \$20.48/MB. International Eligibility is needed to roam in many destinations. Current coverage details, and list of Other Available Countries can be found at [www.verizonwireless.com/international](http://www.verizonwireless.com/international).

**Global Data Optional Features:** Global PC Card required for international use. Global PC Cards will not work in the United States or Canada and Global Data Optional Features subscribers will need a NationalAccess or Mobile Broadband PC card for domestic use. The domestic and Global PC Cards cannot be used at the same time. Prior to leaving the United States, subscribers must install Global Data Optional Features VZAccess Manager<sup>SM</sup> and run the OTA wizard. Global Data Optional Features subscribers must activate and update their Preferred Roaming lists while in the National Enhanced Services Rate and Coverage Area every three months. Verizon Wireless reserves the right to terminate the service of any subscriber whose total usage is less than half on the Verizon Wireless National Enhanced Services Rate and Coverage Area over three consecutive billing cycles.

**Global Email SIM Cards:** SIM Cards are available for use with your Global PC Card, Global Smartphone, or Global Phone. Verizon Wireless is not responsible for any unauthorized use of subscriber's SIM Cards and subscriber must safeguard security codes. Placing your GlobalEmail SIM in any other non-BlackBerry or Smartphone device could result in additional charges or termination of service. Upon termination of service, subscriber must destroy SIM Card.

## M2M Data Plan Terms and Conditions

A data session is inactive when no data is being transferred, and may seem inactive while data is actively being transferred to a device, or seem active when actually cached and not transferring data. Customer must maintain virus protection when accessing the service and is responsible for all data sent and received including "overhead" (data that is in addition to user-transmitted data, including control, operational and routing instructions, error-checking characters as well as retransmissions of user-data messages that are received in error) whether or not such data is actually received. Verizon Wireless will not be liable for problems receiving Service that result from Customer's device.

**Megabyte (MB) Data Plans:** M2M data usage is rounded to next full kilobyte at end of each billing cycle. Any unused portion of the megabyte allowance is lost. Equipment will not indicate kilobyte usage.

**NationalAccess Roaming Feature:** Not for use with Mobile Office Kits. Dynamic IP addresses will be assigned when roaming. Usage rounded up to next full kilobyte. For information on where NationalAccess Roaming is available, see [www.verizonwireless.com](http://www.verizonwireless.com).

**Data Roaming:** In the Canadian Broadband and Canadian Enhanced Services Rate and Coverage Areas, usage will be charged at a rate of \$0.002/KB or \$2.05/MB. In the Mexican Enhanced Services Rate and Coverage Area, usage will be charged at a rate of \$0.005/KB or \$5.12/MB. For more information on roaming in Canada and Mexico, visit [verizonwireless.com/narooming](http://verizonwireless.com/narooming). In the Bermuda, China, Dominican Republic, Guam, India, Israel, Saipan and South Korea Enhanced Services Rate and Coverage Areas, usage will be billed at a rate of \$0.02/KB or \$20.48/MB. I-Dial is needed to roam in many destinations. Only the Canadian Broadband Rate and Coverage Area supports EV-DO.

## M2M Data Plan Share Options

**Share Options:** Sharing is available only among Government Subscribers on applicable M2M Low Usage and High Usage calling plans.

**Account Share:** Customer may activate up to 15 share groups per account. Sharing is available only among M2M Lines on the Mobile Broadband M2M Account Share Plans on the same billing account, in the same usage group (Low Usage and High Usage plans cannot share with each other). Unused KBs will be distributed to M2M Lines with an overage on an as needed basis to M2M Lines on the same billing account that have exceeded their MB allowance during the same monthly billing period. At the end of each bill cycle any unused KBs allowances will be applied to the overages of the other M2M Lines on the same account beginning with the line with the lowest overage need until depleted. Customers subscribing to Mobile Broadband M2M Account Share Plans will be billed on separate billing accounts and invoices from Subscribers to the Mobile Broadband M2M Profile Share Plans.

**Multi-Account Share:** Customer may activate one (1) share group per profile (Low Usage and High Usage plans cannot share with each other); however, customer may have multiple bill accounts on the same profile. Sharing is available only among M2M Lines on the Mobile Broadband M2M Multi-Account Share Plans on the same profile, in the same usage group. Each sharing M2M Lines unused KBs will pass to other sharing M2M Lines that have exceeded their data allowance during the same monthly bill cycle. Unused KBs will be distributed proportionally as a ratio of the KBs needed by each applicable M2M Line to the total KBs needed by all sharing M2M Lines on the same profile. Customers subscribing to Mobile Broadband M2M Profile Share Plans will be billed on separate billing accounts and invoices from Subscribers to the Mobile Broadband M2M Account Share Plans.

**Note:** <sup>1</sup>A profile is defined as a Customer's overarching account of record under which Customer may have multiple billing accounts

## Verizon Wireless Private Network Terms and Conditions

**Verizon Wireless Private Network Service ("Private Network"):** Private Network extends Customer's IP network to its wireless equipment by segregating the data between such devices and Customer's servers from the public Internet (the "Internet"). Customer's use of Private Network is subject to the Private Network terms and conditions.

**Customer Minimum Line Requirement:** Customer must maintain a minimum of 100 Machine-to-Machine lines at all times during the term of its Agreement in order to remain eligible for Private Network. If Customer falls below the 100-line minimum, Verizon Wireless reserves the right to discontinue Private Network for non-use.

**Connection to Verizon Wireless Facility:** Customer must establish a direct-connect circuit from its facilities to Verizon Wireless's facilities by the use of Virtual Private Network, Verizon Private IP, or Fixed End System connections. Customer is solely responsible for making arrangements with a local access provider for installation and ongoing maintenance of such a connection, with sufficient data throughput to meet Customer's anticipated data needs. Customer is also responsible for all charges incurred directly or through a third party associated with establishing the connection, as well as for accessing Private Network, including Internet access fees, hardware, software, license fees, and telecommunications charges.

**Customer Provided Equipment ("CPE"):** Customer must procure routers and any other CPE that meet Verizon Wireless requirements for Private Network connectivity. Customer is responsible for ensuring any CPE meets its data capacity and throughput needs.

**IP Addresses:** Customer is responsible for procuring private IP addresses, which must be communicated to Verizon Wireless during implementation. Private Network currently supports static and dynamic addressing for 1X service and/or EVDO service; 4G LTE service; and Internet addressing system Internet Protocol version 4. Direct Internet access requires static IP addressing.

**Dynamic Mobile Network Routing ("DMNR"):** DMNR allows configuration of Private Network for dynamic routing to the subnets it serves (up to eight) to other devices on Customer's network and as support for mobile or stationary routers. DMNR is based off Mobile IPv4-based Network Mobility protocol and requires the router to be configured to support this capability. Customer is responsible for any charges associated with the customization of its CPE to support DMNR.

## Verizon Wireless Private Network Traffic Management

**Private Network Traffic Management (PNTM):** PNTM allows Customer to configure its Private Network to allow differentiated Quality of Service (QoS) by application over Verizon Wireless's LTE network using standards-based IP packet marking. Customer can identify applications on its 4G LTE devices to get priority QoS over its Private Network. Verizon Wireless makes no guarantee of PNTM bandwidth allocations, which are subject to the limitations of wireless service availability as detailed in the Agreement. Customer is responsible for any charges associated with the customization of its CPE to support PNTM.

**PNTM for Public Safety:** Eligible public safety accounts can take advantage of priority access to a data channel over the Wireless Service for its data traffic during times of heavy network demand. While PNTM for Public Safety enables a dedicated data channel, Verizon Wireless makes no guarantee of Wireless Service availability, which is subject to the limitations of wireless service availability as detailed in the Agreement. PNTM for Public Safety is only available to Customers approved by Verizon Wireless that qualify as Public Safety Entities classified by the following NAICS codes a) 621910 Ambulance Services; b) 922110 Courts; c) 22120 Police Protection; d) 922130 Legal Counsel and Prosecution; e) 922140 Correctional Institutions; f) 922150 Parole Offices and Probation Offices; g) Fire Protection; h) 922190 Other Justice, Public Order, and Safety Activities or i) National Security.

**Customer Private Network Contact:** Customer must designate a Private Network representative and provide contact information, including a phone number and email address. The Private Network contact will work with the Verizon Wireless solution engineer through the Private Network implementation and testing processes detailed below. The contact shall be available during business hours and any other time period that Customer utilizes Private Network for the purpose of assisting to resolve service problems and trouble shooting.

**Private Network Implementation and Testing:** Verizon Wireless will implement Customer's Private Network, which requires Customer to a) provide any information (e.g., account numbers, IP address ranges, router/CPE information) necessary to complete the Private Network Connectivity Form; b) participate in a Private Network turn-up call to ensure that CPE is properly configured to support the Private Network connection; and c) participate in a Solution Validation call to confirm that Private Network is working properly from Verizon Wireless to Customer's applications.

**Wireless Devices/Network Access:** Customer must use Private Network-compatible end-user Equipment and at Customer's expense must submit any devices not identified as Private Network compatible to Verizon Wireless, for network testing and Private Network certification. Private Network functionality is available on the Verizon Wireless 3G and 4G data network, subject to the limitations defined in this Addendum. While Private Network functionality may also be available on the networks of Verizon Wireless' domestic and international roaming partners, Verizon Wireless makes no representation of Private Network availability or reliability on such networks.

**Permitted Use/Fraud:** Customer shall use Private Network only for lawful purposes and shall not send or enable via the Private Network connection, by way of example, any SPAM, viruses, worms, trap doors, back doors or timers, nor shall Customer engage in any mail-bombing or spoofing via Private Network. Customer is responsible for the security of its network and end-user devices and is responsible for any unauthorized access to the Private Network. Verizon Wireless will treat any traffic over the Private Network as authorized by Customer. Verizon Wireless reserves the right but is not obligated to filter fraudulent usage. **Maintenance/Service**

**Changes/Termination of Private Network Service:** Verizon Wireless may limit access to Private Network in order to perform maintenance to the service and will use reasonable efforts to provide Customer with prior notice of such maintenance. With reasonable advance notice, Verizon Wireless has the right to modify and reconfigure Private Network as it deems necessary to enhance Customer's experience or to safeguard the Verizon Wireless network. In addition, VERIZON WIRELESS CAN WITHOUT NOTICE LIMIT, SUSPEND OR CANCEL CUSTOMER'S ACCESS TO OR USE OF PRIVATE NETWORK IF CUSTOMER VIOLATES THE RESTRICTIONS OF THIS ADDENDUM OR FOR GOOD CAUSE. Good cause includes (a) breach of the terms of this Addendum or the Agreement; (b) unlawful use of Private Network; (c) using Private Network in a way that adversely affects the Verizon Wireless network or Verizon Wireless' customers; (d) breach of an obligation of Customer to comply with any applicable federal, state and local government laws, rules and regulations, industry practices, third-party guidelines, or other applicable policies and requirements; (e) the suspension or termination by any governmental body of competent jurisdiction of Customer's service or the institution of a requirement, ruling or regulation that conflicts with this Addendum; or (f) for operational or governmental reasons.

**No Warranties:** Verizon Wireless makes no warranties, express or implied, with respect to Private Network, which it provides to Customer on an "AS IS" basis "WITH ALL FAULTS" and "AS AVAILABLE." The accuracy, timeliness, completeness, suitability, or availability of any aspect of Private Network cannot be guaranteed. THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT ARE HEREBY EXPRESSLY DISCLAIMED IN THEIR ENTIRETY. The foregoing limitations, exclusions and disclaimers shall apply to the maximum extent permitted by applicable law. Verizon Wireless makes no representation that it supports any service levels with respect to the availability, performance, capacity, uptime or any similar metrics of Private Network.

The terms of Private Network supplement the Agreement. The terms of Private Network are applicable to Customer's use of Private Network. If there are any inconsistencies between the terms of Private Network and the Agreement, the terms of Private Network shall control with respect to Private Network.

## Networkfleet Terms and Conditions

The terms and conditions govern the purchase and use by Customer ("Customer" or "You") pursuant to Verizon Wireless' Contract CMS693372P with the State of Illinois for Networkfleet products and services set forth below (hereinafter referred to as the "Agreement" or the "Terms and Conditions"). If you do not agree to these Terms and Conditions you may not order Networkfleet products or services

1. DEFINITIONS. In these Terms and Conditions, the following terms, when capitalized, shall have the meaning set forth below:

"Customer Website Pages" means the web pages on the Networkfleet Website designated by Networkfleet for use by Customer.

"Devices" means the Networkfleet wireless device(s) identified on an accepted order.

"Networkfleet Services" means the services ordered hereunder including, but not limited to: (a) collection of diagnostic and/or location information from a Vehicle;

(b) any proprietary data feed or elements thereof or any APIs provided by Networkfleet; (c) analysis, delivery and posting of Vehicle information to the Networkfleet Website; (d) notification to Customer and/or a designated third party by e-mail of certain events or Vehicle information; (e) Customer access and usage of Customer Website Pages; and (f) Device installation services.

"Networkfleet Website" means the Networkfleet website currently located at [www.networkfleet.com](http://www.networkfleet.com).

"Network Fleet" is a wholly owned subsidiary of Verizon Communications, Inc, and an affiliate of Cellco Partnership, d/b/a Verizon Wireless which is the "Contractor" under the State of Illinois Contract.

"Service Partners" means the entities that Verizon Wireless works with, from time to time, to provide the Networkfleet Services, including, but not limited to, installers, website operators, mapping data providers and licensors.

"Vehicle" means any vehicle equipment equipped with a Device and owned or under the control of Customer.

2. NETWORKFLEET LICENSE. During the time that Customer is entitled to receive Networkfleet Services hereunder, the Customer shall have a non exclusive, non transferable license to (i) use the Networkfleet Services in the United States and such other countries as may be approved by Verizon Wireless in writing, (ii) access and use the Customer Website Pages, and (iii) use the firmware and software included in the Devices, solely for use in connection with the Networkfleet Services, and as provided in these Terms and Conditions. Redistribution or resale of this information by the Customer is prohibited without prior written consent.
3. INSTALLATION SERVICES. If Verizon Wireless accepts an order for Device installation services, such services may be performed by Service Partners who will install the Device at a mutually agreed location, in accordance with Networkfleet's Installation Policy, located at [http://info.networkfleet.com/rs/networkfleet/images/Installation\\_Policy.pdf](http://info.networkfleet.com/rs/networkfleet/images/Installation_Policy.pdf), as it may be amended from time to time, which is available at the Networkfleet Website. Customer acknowledges and agrees that installation of the Device may involve drilling holes, rewiring and other similar alterations to the Vehicle and that Verizon Wireless is not obligated to restore the Vehicle after removal of the Device.
4. CUSTOMER OBLIGATIONS. Customer shall limit its use of the Devices, Networkfleet Services, Networkfleet Website, and Customer Website Pages to their intended purposes and shall comply, and cause its employees and agents to comply with all applicable laws and regulations and with Networkfleet's Website Acceptable Use Policy, Privacy Policy and all other policies that Networkfleet may establish from time to time, which are, or will be available, on the Networkfleet Website. Customer shall inform its drivers of Vehicles that such Vehicle has been enabled for Networkfleet Services and that the Networkfleet Services include the collection of data points associated with the Vehicle's location and manner of operation.
5. LIMITED WARRANTY. (a) Verizon Wireless warrants to Customer that a Device purchased hereunder (other than an Asset Tracker device) will be free from defects in material and workmanship that prevent the Device from functioning in accordance with its specifications for a period of three (3) years following the initial activation of a Device. The period may be extended though the same period of time as the Customer has continuously paid for Networkfleet Services for the Device; (b) Verizon Wireless warrants to Customer that an Asset Tracker device which has been purchased new from Networkfleet by Customer, will be free from defects in material and workmanship that prevent it from functioning in accordance with its specifications for a period of three (3) years from initial activation, excluding the battery. (c) Verizon Wireless warrants to Customer that all accessories that are purchased new from Networkfleet by Customer will be free from defects in material and workmanship that prevent them from functioning in accordance with their specifications for a period of one (1) year from the date of shipment, (d) Verizon Wireless warrants to Customer that installation services will be free from defects in workmanship for a period of one (1) year from completion of any such installation services (unless Customer has purchased an extended installation warranty). Verizon Wireless warrants that extended warranty installation services will be free from defects in workmanship for a period of one (1) year following completion of such services. The period may be extended through the same period of time as the Customer has continuously paid for such extended warranty installation service. (e) Warranty claims must be made by notifying Verizon Wireless in writing promptly after Customer learns of the facts supporting a warranty claim, as specified in Networkfleet's then-current applicable warranty policy. The warranty policy can be found at <http://info.networkfleet.com/rs/networkfleet/images/Warranty.pdf>. Verizon Wireless will, at its discretion, either repair or replace any non-complying Device with a Device of equivalent functionality, and if applicable, remedy any defects in installation of the Device. (f) THE REMEDIES IN THIS SECTION ARE THE SOLE OBLIGATIONS AND REMEDY FOR BREACH OF ANY WARRANTY.
6. EXCLUSIONS. The Limited Warranty does not cover repair, replacement or correction of any defect, damage or malfunctions caused by: (i) failure to properly install the Devices as described in the Networkfleet installation guides (if installation is not performed by Networkfleet); (ii) accident, negligence, theft, vandalism, operator error, misuse or acts of Nature; (iii) failure of the facilities Customer uses to access the Networkfleet Website or to conform to Networkfleet specifications; (iv) modifications, attachments, repairs or unauthorized parts replacements performed by Customer or any third party not authorized by Networkfleet; or (v) use by Customer of hardware or software not provided or approved by Networkfleet. Customer and Verizon Wireless shall agree in advance to costs and occurrence of Support Services provided to Customer under this section. Such Services shall be subject to the limitations and requirements of the Illinois Procurement Code (30 ILCS 500).
7. DISCLAIMER OF WARRANTIES. EXCEPT FOR THE LIMITED WARRANTY SET FORTH IN SECTION 5, VERIZON WIRELESS MAKES NO WARRANTY OR GUARANTEE OF ANY KIND WITH RESPECT TO THE DEVICES AND THE NETWORKFLEET SERVICES. TO THE FULLEST EXTENT PERMISSIBLE BY APPLICABLE LAW, VERIZON WIRELESS DISCLAIMS ALL REPRESENTATIONS AND WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO: IMPLIED WARRANTIES OF NONINFRINGEMENT, MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE; AND ANY IMPLIED WARRANTY ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING OR USAGE OF TRADE. VERIZON WIRELESS DOES NOT WARRANT THAT THE RECEIPT OF DATA, MAPPING INFORMATION, AND OTHER CONTENT FROM THE DEVICES WILL BE AVAILABLE AT ALL TIMES, AT ALL GEOGRAPHIC LOCATIONS, UNINTERRUPTED OR ERROR-FREE, OR THAT THE TRANSMISSION OF DATA, MAPPING INFORMATION, AND OTHER CONTENT FROM NETWORKFLEET TO CUSTOMER OR TO THE CUSTOMER WEBSITE PAGES WILL ALWAYS BE ACCURATE, TIMELY OR COMPLETE.
8. LIMITATION OF LIABILITY. (a) NEITHER PARTY WILL BE LIABLE FOR CONSEQUENTIAL, SPECIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING LOST PROFITS OR LOST DATA, EVEN IF THAT PARTY IS INFORMED THAT THOSE DAMAGES MAY OCCUR. EXCEPT FOR VERIZON'S INDEMNIFICATION OBLIGATIONS IN THE STATE CONTRACT AND DAMAGE TO PERSONS AND PROPERTY, VERIZON WIRELESS' CUMULATIVE LIABILITY UNDER ANY LEGAL THEORY SHALL NOT EXCEED THE AMOUNT PAID TO VERIZON WIRELESS. (b) WITHOUT LIMITING THE FOREGOING, VERIZON WIRELESS AND THE SERVICE PARTNERS ARE NOT RESPONSIBLE FOR LIABILITIES OF ANY KIND

RESULTING FROM DELAYS IN DELIVERY, INSTALLATION OR PROVIDING NETWORKFLEET SERVICES OR OTHER SERVICES, REGARDLESS OF THE CAUSE OF THE DELAY. CUSTOMER UNDERSTANDS AND AGREES THAT VERIZON WIRELESS SHALL NOT BE LIABLE FOR ANY DAMAGES OF ANY KIND RESULTING FROM AN ALLEGED OR ACTUAL LACK OF SECURITY RELATING TO CUSTOMER'S USE OF THE NETWORKFLEET SERVICES. (c) CUSTOMER UNDERSTANDS AND AGREES THAT: (i) THE DEVICE IS A WIRELESS DEVICE AND THAT WIRELESS COMMUNICATIONS NETWORKS ARE USED TO CONNECT THE DEVICES WITH NETWORKFLEETS DATA CENTER AND BY USING GPS (GLOBAL POSITIONING SYSTEM) TO DETERMINE A VEHICLE'S LOCATION; (ii) THE NETWORKFLEET SERVICES WILL NOT OPERATE UNLESS A VEHICLE IS IN AN AREA THAT HAS ADEQUATE WIRELESS COMMUNICATIONS COVERAGE AND, EVEN IF A VEHICLE IS IN SUCH AREA, THE NETWORKFLEET SERVICE IS SUBJECT TO WIRELESS SERVICE NETWORK AND TRANSMISSION LIMITATIONS AND MAY BE ADVERSELY AFFECTED BY TERRAIN, SIGNAL STRENGTH, WEATHER AND ATMOSPHERIC CONDITIONS, OR OTHER THINGS THAT VERIZON WIRELESS DO NOT CONTROL; AND (iii) INFORMATION ABOUT A VEHICLE'S LOCATION WILL NOT BE AVAILABLE UNLESS THE DEVICE IN THE VEHICLE IS ABLE TO RECEIVE GPS SIGNALS.

9. PROPRIETARY RIGHTS. Customer acknowledges and agrees that the Devices, the Networkfleet Service and the Networkfleet Website may include patent, copyright, trademark, service mark, trade secrets, or other intellectual property rights (collectively "Proprietary Rights") of Networkfleet, its affiliates or the Service Partners (including, with respect to the Networkfleet Website, materials that may be proprietary to Service Partners and suppliers, and that Networkfleet, its affiliates, including Verizon Wireless and/or the Service Partners retain title to and ownership of those Proprietary Rights and any and all improvements, modifications, fixes or enhancements made by or for Networkfleet, its affiliates and/or the Service Partners to the Devices, the Networkfleet Service or the Networkfleet Website and grant such Customers a limited license for purposes of utilizing the services for the purposes outlined in this agreement. Customer will not copy, modify, reverse-engineer, disassemble or decompile any software or firmware included in any Device or the Networkfleet Website or otherwise provided to Customer by or on behalf of Networkfleet, and will not disclose such software or provide access to the Devices, such software or any Networkfleet Services to any third party for such a purpose. Customer agrees that with respect to the Networkfleet Services, it shall not, nor shall it permit any third party to (a) assign, transfer, lease, rent, sell, distribute or import such Networkfleet Services to any third party; (b) except with the express written consent of Verizon Wireless, combine, embed or incorporate the Networkfleet Services into any other product or service other than any Customer-owned or developed interface for purposes of receiving the data feed delivered from the Networkfleet Devices; (c) reverse engineer, translate, convert, decompile the Networkfleet Services; (d) remove or alter any proprietary notices in the Networkfleet Services; (e) use the Networkfleet Services in connection with the transmission, sale, license, or delivery of any infringing, defamatory, offensive, or illegal products, services, or materials; (f) use the Networkfleet Services in any manner that threatens the integrity, performance, or availability of the Networkfleet Service; or (g) use the Networkfleet Service in any manner that violates local, state or federal laws, regulations or orders. The Networkfleet Website includes aerial, satellite imagery from Digital Globe, one of the Service Partners, as a mapping option. Customer agrees to comply with the terms of use contained in Digital Globe's End User License Agreement attached to the State Contract as Exhibit 8.
10. MODIFICATIONS; WEBSITE MAINTENANCE. Networkfleet may alter or modify all or part of the Devices, the Networkfleet Services or the Networkfleet Website from time to time; provided such changes do not materially adversely affect Customer's use of the Networkfleet Services or Networkfleet Website. Subject to the foregoing, such changes may include, without limitation, the addition or withdrawal of features, information, products, services, software or changes in instructions. Networkfleet reserves the right to perform scheduled maintenance for the Networkfleet Services and Networkfleet Website from time to time. This may include application and database maintenance as well as general website maintenance and may or may not involve Networkfleet Website and Networkfleet Services unavailability.
11. DATA. Customer represents that it has all rights and authority with respect to the data Verizon Wireless, Networkfleet, and the Service Partners acquire and transmit through Customer's use of the Devices, the Networkfleet Services and the Networkfleet Website ("Business Data") and grant the rights and approvals set forth in this Agreement and further grants to Verizon Wireless, Networkfleet, its affiliates and the Service Partners the nonexclusive, license and right to collect, access and use Business Data for performing the Networkfleet Services and to analyze, measure and optimize the performance of the Devices and the Networkfleet Services; provided, however, that except as may be required under law or court order, Networkfleet will not disclose or distribute Business Data to a third party in a form that permits identification of Customer.
12. EXPORT CONTROL. Customer understands and agrees that: (i) the software used in connection with the Service is controlled by US export control laws; (ii) further transfer or export of the software may be subject to US export control laws or similar laws of other countries; (iii) Customer will abide by such laws; and (iii) Customer will not re-export or divert the software to a country or activity in contravention of U.S. law. Customer represents and warrant that: (i) Customer is not now located in, does not maintain an office or residence in, is not a citizen of, nor does Customer intend to travel to (without agreeing to follow any specific federal regulatory parameters on such travel), any of the following countries: Cuba, Iran, North Korea, Sudan, Syria, or other locations where the United States or other governments may have restrictions; and (ii) Customer is not, nor does Customer anticipate being, listed on any U.S. Government, United Nations or other country's prohibited parties list (including, but not limited to the U.S. Department of Commerce Denied Persons List or Entity List and the U.S. Treasury Department's Specially Designated Nationals, Terrorists or Narcotics Traffickers List).
13. OWNERSHIP AND ACCEPTANCE. Title transfer and acceptance of products and services occur upon shipment or provision of service. GENERAL. (a) No amendment, change, modification or waiver to any provision of any accepted order or these Terms and Conditions will be binding unless signed by an authorized representative of each party. (b) The parties' respective rights and obligations under Sections 7. DISCLAIMER OF WARRANTIES, 9. PROPRIETARY RIGHTS, and 11. DATA survive termination of an order.

## One Talk<sup>SM</sup> and Message+ from Verizon - Government Terms of Service

One Talk from Verizon, together with its related devices, software and applications ("Service" or "One Talk"), is a commercially available business telephone solution that brings together the functions of office phones and mobile devices (smartphones and tablets) into a unified system, with all devices sharing the same communication features. (See <https://www.verizonwireless.com/support/one-talk-features/> for a listing of features currently available with the Service.)

The following terms of service apply to the One Talk Service. "Customer" means the eligible entity purchasing the One Talk service under the Contract along with any Customer end users using the Service.

**Customer Agreement.** Customer's use of the Service is subject to all Contract terms. This applies regardless of whether the end user device is on the Customer's account or paid for by the end user (e.g. a Bring Your Own Device arrangement between Customer and end user).

**How the Service Works.** For the Service to work on wireless devices, Customer must select the line on your agency's profile to which you wish to add the One Talk feature. Each One Talk phone number can be shared between devices with the following limits: (a) up to five smartphones and/or tablets using the One Talk Mobile App or Microsoft® Windows® and/or Apple® Mac® computers using the One Talk Desktop App, a single LTE Desk phone and a single standard desk phone or (b) up to five smartphones and/or tablets using the One Talk Mobile App or Microsoft® Windows® and/or Apple® Mac® computers using the One Talk Desktop App, two standard desk phones and a single smartphone using One Talk. You may only make voice and/or video calls with up to three (3) devices per One Talk phone number

at the same time. The Service is not compatible with all price plans and desk phones are not available under all contracts. Check with your sales representative for plan compatibility with the Service and the availability of desk phones under the Contract.

Customer is solely responsible for managing its end user access to the One Talk Service, management of end user devices and management of information transmitted via the Service. Addition of devices and associated Service features is managed and administered by the Customer through Verizon Wireless' web portal.

#### A. One Talk Components

**One Talk Dialers.** If available, the One Talk Dialers (Basic, Enhanced, and Native) add various business features to a compatible device's native dialer, which on a compatible smartphones (see <https://www.verizonwireless.com/support/compatible-one-talk-devices/> for a current list of supported devices.) With One Talk in Dialer mode, Customer's One Talk phone number will be the same as its Verizon Wireless phone number. Customer can obtain access to One Talk features by dialing numeric codes. Other devices that you select will share the same One Talk phone number.

**One Talk Mobile App.** The One Talk Mobile App is available for smartphone and tablets either from the Google Play™ Store for devices with Android™ 6.0 or higher or from the Apple® App Store for devices with iOS 10.0 or higher. To use the Service, Customer must add a One Talk phone number to the Mobile App and end users must use the Mobile App to make voice and video calls and to send and receive messages. You can also obtain access to One Talk features through the Mobile App. With the Mobile App, the device will have two phone numbers – one for its original native dialer (if available), and the other for the One Talk number. Other associated devices will share the same One Talk number. Users may install the One Talk Mobile App on a compatible device, including devices receiving service from other carriers. In such circumstances, One Talk phone numbers must be added to their devices, and the users will be Verizon Wireless subscribers for purposes of the Service only, even if they continue to use a different carrier for their original mobile telephone numbers. In order to use messaging through the One Talk Mobile App, the customer also must add the Message + App.

**Message+ App.** The Message+ App provides an integrated and customized messaging experience across an end user's mobile phone, tablet, PC, and other devices, and an integrated calling experience across a user's mobile phone and tablet. (Note that integrated calling is not part of the One Talk Service.) An end user can also send group, location and other multimedia messages ("MMS") in addition to traditional text messages. The Message+ App includes an Integrated Messaging feature that lets users send and receive text and multimedia messages on an end user's smartphone, tablet, computer or the web using a user's Verizon One Talk mobile telephone number. The service syncs up to 90 days of messages across an end user's devices.

**One Talk Desk Phones.** Each One Talk Desk Phone is a device that must be approved by and purchased from Verizon Wireless. At your location, you will need separate AC power and connectivity (e.g., through cellular service, broadband service, Ethernet or Wi-Fi). Check with your Verizon Wireless sales representative for the availability of desk phones under the Contract.

**Auto Receptionist; Hunt Group.** In order to utilize either of these features, Customer must activate a new Verizon Wireless line or port in a line from another carrier. The settings for the line must be configured using the One Talk section of the My Business web portal.

#### B. Charges

For each One Talk line, you will be charged a monthly recurring fee for the Service, in addition to the charges for data, voice, and messaging based on your service plan. Charges for international use may apply. You may be assessed additional 911 surcharges if required by law, for up to a maximum of three devices on each mobile phone number during the applicable billing cycle.

**Desk Phones.** Voice and video calls to and from One Talk desk phones will consume data on your existing broadband, cellular, or Wi-Fi connection.

The following applies if you use the VZW network to connect to the Service:

**One Talk Dialers** (Basic, Enhanced, and Native). Adding the One Talk feature to a smartphone does not consume any data. If you have a device that supports video calling, the voice portion will be billed as minutes of use and the video portion will be billed as data. Voice calls will be billed as minutes of use only.

**One Talk Mobile App.** Your download of the One Talk Mobile App will consume approximately 30 MB of data. Your use of the Service (including your download of the One Talk Mobile App) will be billed as data.

**One Talk Desktop App.** Your download of the One Talk Desktop App will consume approximately 110 MB of data. Voice and video calls to and from the One Talk Desktop App will consume data on your existing broadband connection.

**Desk Phones.** Voice and video calls to and from One Talk desk phones will consume data on your existing broadband connection.

**Auto Receptionist; Hunt Group.** You will be charged a monthly recurring fee for each Auto Receptionist and Hunt Group line in your company's profile.

**Integrated Calling Charges (Message+).** Integrated Calling does not have a separate monthly service fee, but data usage charges will be incurred in accordance with Customer's service plan. If a call is transferred among connected devices, each transfer will be billed as a separate call. Also, depending on the service address, Customer may be assessed an additional 911 charge if required by law. Any call made from a tablet to a U.S. number will be treated as a domestic call, no matter where the call originates. Any call made from a tablet to a non-U.S. number will be treated as an international long distance call that originates in the U.S., which is subject to U.S. taxes (as applicable), fees and Verizon surcharges, no matter where the call actually originates. These calls will be billed in accordance with Customer's international calling plan and/or international Contract rates.

**Emergency 911 Calls.** End users can make a 911 call over a Wi-Fi connection when using the Service, but whenever possible, end users should avoid doing so because 911 calls over a WiFi connection will not work if there is a failure of your broadband connection or electrical power, or if the 911 system doesn't recognize the address. In addition, when using a One Talk desk phone, voice functionality (including the ability to make and receive 911 calls) will not be available during a power outage, connection failure or other service disruption. Before any desk phone can be activated or the Service can be activated on any device, Customer must enter the U.S. address where Customer wants emergency services to be sent if end users call 911. It is not necessary to use the same address for all devices. It is very important that Customer updates its 911 address whenever Customer changes its location for any of these devices because this is the location that will be given to emergency services when end users dial 911. End users can go to their mobile device's Settings and change their 911 address at any time. Customer can change the 911 address for a desk phone on the One Talk section of the My Business web portal. Note: With a device using the One Talk Mobile App or the One Talk Desktop app, emergency services will use the 911 address you entered only if you use Wi-Fi to make the 911 call; otherwise, your device's built-in capabilities will provide the location of your device.

**Integrated Messaging Text Message Feature.** To send and receive SMS messages, Mobile devices associated with either One Talk Basic Dialer (if available) or One Talk Mobile App must download the Message+ App to the device. The Integrated Messaging functionality of Message+ enables you to synchronize messages across multiple devices, including smartphones, tablets and the web. Text messages sent and received while using the Service are separate from the native texting app (dual numbers) and are only temporarily retained on the One Talk message platform in the cloud. End users with access to the Service on a Smartphone or the Mobile Client can retrieve/download any text message sent or received using the Service.

**HIPAA.** Integrated Messaging is not designed for secure transmission or storage of personal healthcare information. Therefore, Customer agrees not to use Service to store or transmit Protected Health Information (PHI) as defined in the Health Insurance Portability & Accountability Act of 1996 and the Health Information Technology for Economic and Clinical Health Act of 2009 and accompanying regulations (collectively "HIPAA"). Covered Entities and Business Associates (as defined by HIPAA) will not use Integrated Messaging to store or transmit PHI. Customers that do not want its end users to save messages to the cloud (including all Covered Entities and Business Associates, as defined by HIPAA), must have an authorized representative block Integrated Messaging. For further information, go to <https://web.vma.vzw.com/BusinessProduct>. To learn more about HIPAA, go to:

### Third Party Products

- A. **General.** If Customer uses any third party products or applications with One Talk, you authorize us to share information with third parties that is necessary for these services to operate. Some information from those third party products or applications may be transmitted into your account with us if you authorize such transmissions (Third Party Account Information) and any such Third Party Account Information transmitted to our applications or services will then be covered by our Privacy Policy. You may opt not to disclose such information to us from third party products or applications, but keep in mind some information may be needed in order for you to take advantage of some or all of the applications' or products' intended features.
- B. **Google Services.** When you provide Google Account credentials to sign into Google services or applications, Verizon will not use any Third Party Account Information in any way except to present it to the user. VZW will retain the minimal amount of information necessary in log files for 30 days to troubleshoot any reported issues with the application. Verizon will not have access to any email content. Use or transfer of any Third Party Account Information received from Google accounts will adhere to the Google API Services User Data Policy, including Limited Use Requirements.
- C. **Disclaimer.** With respect to all third party products and applications, you agree that: (1) We disclaim all warranties, express or implied, (2) We are not responsible and shall have no liability for such products or applications, and (3) you are solely responsible and liable for your use of such products and applications.
- C. **Service Limitations.** The Service is not compatible with fax machines, credit card machines or certain security systems. Your Verizon Wireless representative can suggest other possible solutions for some of these functions. Please check with your provider to confirm the compatibility requirements of your security system.
- D. **Important Service Disclosures.** CUSTOMER ACKNOWLEDGES AND AGREES THAT THE SERVICE IS IMPLEMENTED WITHOUT SPECIFIC CONTROLS THAT MAY GENERALLY BE REQUIRED OR CUSTOMARY FOR CUSTOMERS IN ANY PARTICULAR INDUSTRY AND ARE NOT DESIGNED TO SATISFY ANY SPECIFIC LEGAL OBLIGATIONS. CUSTOMER IS SOLELY RESPONSIBLE FOR DETERMINING THAT THE SERVICE SATISFIES ANY LEGAL, REGULATORY OR CONTRACTUAL OBLIGATIONS CUSTOMER MAY HAVE. CUSTOMER AGREES TO USE THE SERVICES IN ACCORDANCE WITH ALL APPLICABLE LAWS AND NOT TO USE THE SERVICES IN ANY MANNER THAT MAY IMPOSE LEGAL, REGULATORY OR CONTRACTUAL OBLIGATIONS ON VERIZON WIRELESS, OTHER THAN THOSE WITH WHICH WE HAVE EXPRESSLY AGREED TO COMPLY IN THIS ADDENDUM.
- E. CUSTOMER IS ON NOTICE THAT ANY TEXT MESSAGES DELIVERED TO A DEVICE USING THE SERVICE WILL REMAIN ON THAT DEVICE, EVEN AFTER THE MESSAGING FEATURE IS REMOVED OR END USER IS DEREGISTERED AND NO LONGER HAS ACCESS TO THE SERVICE. END USERS CONTROL THE DELETION OF MESSAGES RECEIVED ON THEIR DEVICES.
- F. **Software.** In connection with the Service, Verizon Wireless will provide software that is owned by us, our affiliates or third-party licensors ("Software"). Verizon Wireless may update the Software from time to time and Customer and/or end user failure to install any update may affect Customer's Service and/or use of the Software. Customer may use the Software only as part of, or for use with, the Service as authorized in this Addendum. Verizon Wireless grants Customer a limited, non-exclusive, non-transferable license to use the Service and the Software solely as authorized in this Addendum. All rights regarding use of the Service and Software not expressly granted in this Addendum are reserved by Verizon Wireless and/or any third-party licensors. The Software contains some programming, scripts, tools, modules, libraries, components, or other items that were developed using "Open Source" code; which are available for download at [www.verizon.com/opensource](http://www.verizon.com/opensource). Software was developed solely at private expense, and Customer has no other rights in software than those set forth herein. As such, customer may not adapt, alter, modify, reverse engineer, de-compile, disassemble, translate, attempt to derive source code from or create derivative works of the Service or Software, or otherwise tamper with or modify any security features or other Service components for any reason (or allow or help anyone else to do so). Customer also agrees to follow all rules and policies applicable to the Service, including the installation of required or automated updates, modifications and/or reinstallations of Software and obtaining available patches to address security, interoperability and/or performance issues.
- G. **Disclaimer of Warranty.** THE SERVICE AND SOFTWARE ARE PROVIDED "AS IS" AND "AS AVAILABLE" WITHOUT WARRANTIES, EXPRESS OR IMPLIED, OF ANY KIND BY EITHER VERIZON WIRELESS, OUR AFFILIATES, OFFICERS, EMPLOYEES, LICENSORS, CONTRACTORS, AND AGENTS (TOGETHER, THE "VERIZON PARTIES"), INCLUDING BUT NOT LIMITED TO WARRANTIES OF TITLE, NON-INFRINGEMENT OR IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE VERIZON PARTIES AND ANY THIRD PARTY MOBILE APPLICATION STORE OPERATORS FROM WHICH YOU DOWNLOAD THE ONE TALK MOBILE APP WILL NOT BE LIABLE TO YOU OR ANYONE ELSE FOR ANY LOSSES OR DAMAGES OF ANY KIND OR ANY SECURITY ISSUES THAT MAY RESULT FROM YOUR USE OF THE SERVICE. NO ADVICE OR INFORMATION GIVEN BY THE VERIZON PARTIES SHALL CREATE ANY WARRANTY HEREUNDER.

## Call Filter Service Attachment to Verizon Wireless Agreement

This Call Filter Service Attachment ("Call Filter Attachment") to the Agreement between Customer and Verizon Wireless sets forth the terms and conditions specific to the Call Filter Service (described below) to be provided by Verizon Wireless to Customer hereunder. If there are any inconsistencies between this Call Filter Attachment and the Agreement, this Call Filter Attachment shall control with respect to the Call Filter Service functionality or operation. Any capitalized but undefined terms used in this Call Filter Attachment shall have the meanings given such terms in the Agreement.

1. **Call Filter Service Overview.** Verizon Wireless's Call Filter Service allows Customer to take manage its calls (the "Service").
2. **Call Filter and Call Filter Plus Service Description.** Call Filter is available to Customer for no additional monthly charges, and provides spam protection (spam alerts, blocking and reporting). Call Filter Plus provides added protection with caller ID and other premium features for a monthly charge, which are set forth in Exhibit A attached hereto. Call Filter utilizes network-based functionality to provide spam alerts and caller ID information on Customer's devices, and will not require the Call Filter application for these features. Spam blocking and other enhanced spam protection tools require the Call Filter application and a compatible

device. Availability of certain features will vary depending on the device. For a full list of compatible devices and available features by device, click on Supported Devices at <https://www.verizonwireless.com/solutions-and-services/call-filter/>. Basic phones will receive network-based spam protection. Call Filter requires Verizon Wireless's 4G LTE network; limited features of the Service may be available if Customer is roaming on a VoLTE network outside of Verizon Wireless's 4G coverage area.

3. **Call Filter Limitations.** Call Filter is not available for incoming calls from restricted or unlisted numbers. Call Filter does not detect spam calls from international numbers, but Customer may choose to block calls from international numbers. Call Filter utilizes analytics and databases that are continually evolving, including spam reporting by customers. Call Filter may not work with some of our other services like NumberShare or eSIM lines.
4. **Spam Protection and the Call Filter Application.** Call Filter will alert Customer when Customer receives potential spam calls and allows Customer to turn on the spam filter to automatically block (send directly to voicemail) spam calls based on Customer's preferred risk level (as determined by Customer in the Call Filter application). If Customer enrolls in Call Filter through the Call Filter application, Verizon will automatically turn on Customer's spam filter to block all high-risk spam calls, but Customer can always turn off or adjust the blocking within the Call Filter application. Call Filter Plus, provides additional protection with caller ID for unknown numbers, access to a risk assessment meter for each spam call, reverse spam number lookup, and additional categories of spam alerts including "Robo Caller" or "Potential Fraud." With Call Filter Plus, depending upon Customer's device, Customer may also be able to view a list of callers that have been identified as spam or blocked, and block and un-block specific numbers. Call Filter's spam detection and block management may inadvertently mislabel or block legitimate callers including those to whom Customer may have given consent to communicate with via Customer mobile number. Customer should check Customer voicemail to determine if the caller is legitimate (if they left a voice message and if Customer have voicemail enabled). Verizon Wireless does not guarantee that all calls that are spam will be detected. Customer's spam settings such as spam filters and personal block and spam lists will be permanently deleted once Customer changes devices, uninstalls the Call Filter application, unsubscribes or downgrades the Service, or in the case of Android users, disables the Call Filter application or clear application cache or data.
5. **Caller ID.** Caller ID, available with Call Filter Plus, displays the name, phone number, city and state of a caller's phone number, if these details are available and supported by Customer's device. Some devices may only display the caller's name as the Call Filter may not be available on all devices. Some devices also allow identification of text messages when using an eligible messaging application. Android users may also see the caller's uploaded photo if available.
6. The caller's identity may not show if they are labelled as Robo Caller, Potential Spam or Potential Fraud on certain operating systems. Customer's saved contact names will show instead of the caller identification (so if a call would normally show as a Robo Caller with the Service, but is in Customer's list of contacts, that contact name will show instead). If Customer uploads a photo, Customer's photo will be seen by other Verizon Wireless customers that use the Service but will not override a Customer's contact photo (uploading is not available for all devices).
7. **Data Charges.** Subject to the Agreement, data charges may apply for download of the application and use of the Service. Call Filter does not operate on Wi-Fi, so data charges may apply when using the Service even if Customer device is also connected to Wi-Fi. If Customer's device is eligible for the uploading or receiving of a picture, data charges apply to such uploading and also for receiving pictures. Such data charges will be billed to Customer's Verizon Wireless account according to Customer's data plan. The Service will automatically renew every month unless canceled. For Call Filter Plus, Customer will be billed a Monthly Access Fee as specified in Exhibit A.
8. **Privacy.** Verizon Wireless may use information about Customer's activity in the Service, subject to our Privacy Policy, which can be found at <http://www.verizon.com/about/privacy/>. In order to provide the Service to Customer, Verizon Wireless will access the following information: MTN, contacts, call log, and messages (Android devices only). Verizon Wireless does not share information for any other purposes other than to render the Service. While a Customer end user can review or turn off these permissions at any time in the device settings, without access to that information, the Service will not be provided to that device.
9. **Licenses and Restrictions.** Call Filter is the property of Verizon Wireless or its licensors. Call Filter software and any application installed on Customer devices are licensed and not sold to Customer. Verizon Wireless and its licensors grants to Customer a limited, non-exclusive, revocable, non-transferable, personal, non-commercial license to use the Service for its intended use, in the United States.

10. **Restrictions on Use.** Customer will not, or permit anyone else to, sell, resell, distribute, sublicense, loan, lease, otherwise transfer, alter, modify, merge, adapt, copy, delete, record, translate, publish, upload, transmit, export, create derivative works of, make any commercial use of, reverse engineer, decompile, attempt to derive the source code, or disassemble the Service of any software that forms part of the Service. Customer may not use the Service or any part of it for any improper use (including infringement of copyright or other intellectual property rights) and must follow all laws. Customer will not alter, disable, or circumvent any features embedded in the software. All rights not expressly granted to Customer herein are reserved. Verizon Wireless may revoke this license at any time without notice.
11. **Branding.** All trademarks, service marks, trade names, logos, domain names, and any other features of Verizon Wireless's brand are the sole property of Verizon Wireless and Verizon Wireless does not grant any rights to such branding to Customer for any use at all. Customer may not remove or alter any copyright, trademark, or other intellectual property notices of the Service.
12. **User Content.** For certain eligible devices, the Service allows Customer to upload a photo to display. Customer may choose to attach a photo from Customer own photo gallery, a new photo that Customer take, or a photo available for use from an Internet search that Customer conducts. Customer is responsible for any content that Customer uploads to the Service. Verizon Wireless does not monitor or control the content Customer chooses to send via the Service and, Verizon Wireless disclaims all responsibility for such content. Photos that Customer did not take may be subject to copyright protection which limits or prohibits their copying, transmission and/or use. Customer agrees that Customer will not attach copyrighted content in a way that infringes any copyright, and that Customer is wholly responsible for any copyright infringement resulting from Customer's conduct. If Customer is unsure about whether Customer's conduct is lawful, Customer should not attach the content.
13. **Digital Millennium Copyright Act Notice.** If Customer believe that Customer content has been improperly used in the Service in a way that constitutes copyright infringement please contact Verizon at the address below. Pursuant to Title II of the DMCA, all claims alleging copyright infringement for material that is believed to be residing on Verizon's system or network should be promptly sent in the form of written notice to Verizon's Designated Agent. The Designated Agent for DMCA Notice is:

Verizon Copyright Department  
1320 North Courthouse Road, Floor 9  
Arlington, Virginia 22201, U.S.A.  
Fax 703.351.3669  
Email [DMCA@verizon.com](mailto:DMCA@verizon.com)

**NOTE:** No other notices or communications should be sent to the Designated Agent, who is appointed solely for the purpose of receiving notices of claims alleging copyright infringement under the DMCA. Specific requirements for proper notification of claimed infringement are set forth in the DMCA (see 17 U.S.C. § 512(c)(3)). Valid notification must be a written communication that includes all of the following elements:

1. Signature of copyright owner or person authorized to act on behalf of the owner;
2. Identification of copyrighted work claimed to be infringed;
3. Identification of the material claimed to be infringing or to be the subject of infringing activity and information reasonably sufficient to permit the service provider to locate the material;
4. Information reasonably sufficient to permit the service provider to contact the complaining party (address, phone number and, if available, email address);
5. A statement that the complaining party has a good faith belief that use of the material in the manner complained is not authorized by the copyright owner, its agent, or the law; and
6. A statement that the information in the notification is accurate, and under penalty of perjury, that the complaining party is authorized to act on behalf of the owner of the exclusive right allegedly being infringed.

It is the policy of Verizon that upon receipt of a valid DMCA notice Verizon will remove or disable access to allegedly infringing material. There are substantial penalties for false claims (see 17 U.S.C. § 512(f)).

14. **Open Source and Third Party Licenses.** Customer's use of the Service is subject to open source licenses that form part of the Service. Certain software or technical information is licensed from third parties, and may be covered by one or more U.S. Patents, pending U.S. patent applications, and pending counterpart European and international patents. The open source licenses that form part of the Service are as follows:

15. **Termination.** Subject to the dispute resolution provision in the Agreement, Verizon may limit, suspend, terminate or discontinue the Service, or certain features or functions of the Service, at any time without notice, including if Customer breaches this Call Filter Attachment. Customer may terminate Customer's use of the Service at any time by unsubscribing to the Service.
16. **DISCLAIMER OF WARRANTIES.** THE SERVICE AND ANY INCLUDED APPLICATION IS PROVIDED BY VERIZON OR ITS LICENSORS 'AS IS', WITHOUT WARRANTIES, EXPRESS OR IMPLIED, OR CONDITIONS OF ANY KIND, INCLUDING FOR MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. CUSTOMER USES THE SERVICE AT ITS OWN RISK. VERIZON WIRELESS AND ITS LICENSORS, AND VENDORS MAKE NO WARRANTY, EITHER EXPRESS OR IMPLIED, AS TO THE ACCURACY, AVAILABILITY, COMPLETENESS, USEFULNESS, SECURITY, RELIABILITY, INTEROPERABILITY, OR THAT THE SERVICE WILL BE UNINTERRUPTED, VIRUS FREE, OR COMPATIBLE WITH YOUR DEVICE OR THAT THE SERVICE WILL MEET YOUR EXPECTATIONS AT ALL OR AS TO THE IDENTIFICATION, LABELING, SPAM OR BLOCK MANAGEMENT, OR BLOCKING OF CALLS. VERIZON WIRELESS AND ITS LICENSORS, AND VENDORS DO NOT PROVIDE ANY WARRANTY (EXPRESS OR IMPLIED) OR GUARANTEE THAT ALL SPAM, ROBOCALLER AND FRAUDULENT CALLERS WILL BE IDENTIFIED, LABELED CORRECTLY OR BLOCKED. THE SERVICE COULD CAUSE DAMAGE TO CUSTOMER, ITS DATA, DEVICES, SOFTWARE OR HARDWARE.
17. **LIMITATIONS OF LIABILITY.** TO THE MAXIMUM EXTENT ALLOWED BY LAW, THE LIABILITY OF VERIZON WIRELESS OR ITS LICENSORS, AND VENDORS FOR MONETARY DAMAGES FOR ANY CLAIMS, THAT CUSTOMER MAY HAVE UNDER THESE TERMS ARE LIMITED TO NO MORE THAN THE PROPORTIONATE AMOUNT OF THE SERVICE CHARGES ATTRIBUTABLE TO THE AFFECTED PERIOD, AND THE MAXIMUM IN DAMAGES RECOVERABLE SHALL BE TEN (\$10) U.S. DOLLARS. UNDER NO CIRCUMSTANCES ARE VERIZON WIRELESS, ITS LICENSORS, AND VENDORS LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, PUNITIVE, MULTIPLE, OR SPECIAL DAMAGES OF ANY NATURE WHATSOEVER INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, LOST DATA, REPUTATION, LOSS OF BUSINESS, OR COST OF REPLACEMENT PRODUCTS AND SERVICES ON ANY THEORY OF LIABILITY, ARISING OUT OF OR RELATED TO THE SERVICE OR THE INABILITY TO USE THE SERVICE IN ANY WAY WHETHER FORESEEABLE OR NOT OR WHETHER ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. VERIZON WIRELESS SHALL NOT BE LIABLE FOR ANY DAMAGES, COSTS OR PENALTIES (DIRECT OR INDIRECT) AS A RESULT OF MIS-IDENTIFICATION, MIS-MANAGEMENT OR BLOCKING OF A CALLER OR FAILURE TO PROPERLY IDENTIFY, MANAGE OR BLOCK A CALLER.
18. **[Reserved]**
19. **Export Control.** Use of the Service may be subject to the export and import laws of the United States and other countries. Customer agrees to comply with all applicable export and import laws and regulations. By using the Service and/or by downloading the applicable Application, Customer agrees that Customer are not located in, under the control of, or a resident or national of any country, or person, on the United States Treasury Department's list of Specially Designated Nationals or the United States Commerce Department Table of Denial Orders. Customer also agrees that Customer are not located in a country that is subject to the U.S. government embargo, or that is designated by the U.S. as a terrorist supporting country and Customer are not listed on any U.S. government list of prohibited or restricted parties. Customer agrees also not to attempt to export or import any encrypted information, materials, hardware or software.
20. **Safety.** Customer must not endanger either Customer or others by using the Service while driving or engaging in any other activity that requires Customer's full attention.

## State of Illinois Business Enterprise Program for Minorities, Women, and Persons with Disabilities

# Utilization Plan

**STATE OF ILLINOIS BUSINESS ENTERPRISE PROGRAM  
UTILIZATION PLAN**

**UTILIZATION PLAN PART I: COMMITMENT AND SIGNATURE**

The undersigned Vendor submits this Utilization Plan as part of its bid or offer in accordance with the requirements of solicitation # CMS793372P and the requirements of the Business Enterprise Program (BEP). The solicitation contains a goal that 22.00 % of the value of the contract will be performed by BEP certified vendors as defined by the Department of Central Management Services (CMS). The solicitation contains a goal that 3.00 % of the value of the contract will be performed by Veteran Small Business certified vendors (VSB) as defined by the Department of Central Management Services.

The Utilization Plan consists of the following parts, each of which must be completed and returned as instructed in this Commitment. No alterations of these forms will be permitted. One set of Parts I-IV must be completed for the BEP goal and one set must be completed for the VSB goal:

Part I: Vendor Commitment (with Signature)

Part II: Subcontractor Participation Agreement(s)

Part III: Good Faith Effort (Checklist, Contact Log, and Documentation)

Part IV: Utilization Plan Terms and Conditions (These terms and conditions apply to all options below but do not need to be returned.)

The undersigned Vendor acknowledges that (1) Vendor has read, understands, and agrees to BEP policies, rules, and procedures as defined in the Terms and Conditions in Part IV of this document, and (2) Vendor hereby affirms (select one of the options below):

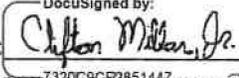

- Vendor is a BEP certified firm and plans to fully meet the goal through self-performance or Vendor is a VSB certified firm and plans to fully meet the VSB goal through self-performance. (Return this Part I Signature Page only.)
- Vendor has identified BEP and VSB certified subcontractor(s) to fully meet the established BEP and VSB goals. Only BEP certified subcontractors may be used to meet the BEP goal and only VSB certified subcontracts may be used to meet the VSB goal if Vendor intends to meet the established goal in whole or in part through the use of subcontractors. Subcontractors that are both BEP and VSB certified may only be counted towards the BEP or VSB goal. (Return this Part I Signature page and signed Part II Subcontractor Participation Agreement(s) to equal or exceed the goal.)
- Vendor cannot fully meet the goal but has made Good Faith Effort towards meeting the goal, and hereby requests a waiver or reduction of the goal to \_\_\_\_\_% based on the completed Good Faith Effort. (If requesting a waiver, return this Part I Signature Page and completed Part III Good Faith Effort. If requesting a reduction, return this Part I Signature Page, Part II signed Subcontractor Participation Agreement(s), and completed Part III Good Faith Effort.)

The undersigned Vendor understands that all subcontractors identified in this Utilization Plan and Participation Agreement(s) must be certified with the Illinois Department of Central Management Services (CMS) BEP at the time of submission of all bids/offers and shall perform commercially useful functions as defined in Part IV of this Utilization Plan. **We understand that compliance with this Utilization Plan is a mandated part of this solicitation and that this Utilization Plan will become a**

of work and NIGP Code(s) will not be permitted without notification to the soliciting Agency/University and BEP/VSB Compliance, in writing, and approval of the soliciting Agency/University. (If more space is needed to fully describe BEP/VSB certified firm's proposed scope of work and/or payment schedule, attach additional sheets)

The value of the Contract for purposes of the Business Enterprise Program (BEP) and Veteran Small Business (VSB) certified vendor goals means Dollars Subject to the Goal (amount remaining after exemptions are subtracted), which the State, including the Department of Innovation and Technology (DoIT), the BEP Council, and the Council on Equity and Inclusion, determined is eight percent (8%) of the total DoIT purchases during the Second Renewal, with remaining amounts being exempt from the Dollars Subject to the Goal. At the time of the Second Renewal, the estimated Dollars Subject to the Goal is three million two hundred thousand Dollars (\$3,200,000), which is eight percent (8%) of the total estimated DoIT purchases (\$40M) during the Second Renewal. The total required BEP and VSB spend during the Second Renewal is accordingly estimated at \$704,000 (22% of Dollars Subject to the Goal) and \$96,000 (3% of Dollars Subject to the Goal) respectively.

Fidelity will provide professional printing services, and potentially digital marketing associated with, but not limited to, SoIL customer outreach and marketing, SoIL Event Support (ex. IWIN Conference), training materials, and special project print, warehousing, and shipping.

**STATE OF ILLINOIS BUSINESS ENTERPRISE PROGRAM  
UTILIZATION PLAN**

**UTILIZATION PLAN PART III: DEMONSTRATION OF GOOD FAITH EFFORTS TO  
ACHIEVE GOAL AND REQUEST FOR WAIVER**

If the BEP/VSB participation goal will not be achieved in whole or part, the Good Faith Efforts Procedures outlined in Parts III and IV of this document will be used to evaluate submitted Utilization Plans. A Vendor providing Good Faith Effort documentation and a request for waiver must complete and submit Part III of this Utilization Plan in its entirety in addition to its bid/offer. Failure to submit the Good Faith Effort Contact Log, checklist, and supporting documentation in its entirety shall render Vendor's bid or offer non-responsive and cause it to be rejected.

Below is a checklist of actions that will be used to evaluate a Vendor's Demonstration of Good Faith Efforts and Request for Waiver. **Please check the actions which you have completed.** If any of the following actions are not completed, please attach a detailed written explanation indicating why such action was not completed. If any other efforts were made to obtain BEP certified vendor participation, in addition to the items listed below, attach a detailed description of such efforts.

- Utilize the website: <https://cms.diversitycompliance.com> to identify BEP/VSB certified vendors within the respective NIGP Class or Class Item code(s) on the solicitation documents. At a minimum, email all listed vendors with project specifications sufficient to build a quote, then solicit quotes from all vendors who express an interest with follow-up emails and telephone calls. Documentation of these efforts must be submitted as evidence, including copies of all e-mails sent.
  
- Solicit through all reasonable and available means (e.g., attendance at a vendor conference, advertising, written notices) the interest of BEP/VSB certified vendors that have the capability to perform the work of the contract. Vendor must solicit this interest with sufficient advance time to allow the BEP/VSB certified vendors to respond to the solicitation. Vendor must determine with certainty if the BEP/VSB certified vendors are interested by taking appropriate steps to follow up initial solicitations and encourage them to submit a bid or proposal, providing them with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding promptly to the solicitation.
  
- Select portions of the work to be performed by BEP/VSB certified vendors to increase the likelihood that the goal will be achieved. This includes, where appropriate, unbundling contract work items into economically feasible units to facilitate BEP/VSB certified vendor participation, even when Vendor might otherwise prefer to perform these work items with its own forces.
  
- Make a portion of the work available to BEP/VSB certified vendors by selecting portions of the work or needed material based on the availability of BEP/VSB vendors.

**STATE OF ILLINOIS BUSINESS ENTERPRISE PROGRAM  
UTILIZATION PLAN**

- Negotiate in good faith with interested BEP/VSB certified vendors. Evidence of such negotiation must include the contacted names, mailing addresses, email addresses, and telephone numbers of BEP/VSB certified vendors that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for BEP certified vendors to perform the work. A Vendor using good business judgment may consider many factors in negotiating with BEP/VSB certified vendors and may take a firm's price and capabilities into consideration. The fact that there may be some additional costs involved in finding and using BEP/VSB certified vendors may not, in itself, be a sufficient reason for a Vendor's failure to meet the goal, as long as such costs are reasonable. Vendors are not required to accept higher quotes from BEP/VSB certified vendors if the price difference is excessive or unreasonable.
  
- Thoroughly investigate the capabilities of BEP/VSB certified vendors and do not reject them as unqualified without documented reasons. BEP/VSB certified vendors' memberships in specific groups, organizations, associations or political/social affiliations are not legitimate causes for the rejection or non-solicitation of bids and proposals in Vendor's efforts to meet the goal.
  
- Where subcontractor capacity and/or access to capital prevents participation, make efforts to assist in obtaining available resources such as State of Illinois lending programs and the prime's lending, capital and bonding networks.
  
- Make efforts to assist interested BEP/VSB certified vendors in obtaining necessary equipment, supplies, materials, and related assistance or services.
  
- Follow best practices when conducting a Good Faith Effort. Best practices can be found on the BEP website at [https://www2.illinois.gov/cms/business/sell2/bep/Pages/Business\\_Resources.aspx](https://www2.illinois.gov/cms/business/sell2/bep/Pages/Business_Resources.aspx).

## State of Illinois Business Enterprise Program for Minorities, Women, and Persons with Disabilities

# Utilization Plan

**STATE OF ILLINOIS BUSINESS ENTERPRISE PROGRAM  
UTILIZATION PLAN**

**UTILIZATION PLAN PART I: COMMITMENT AND SIGNATURE**

The undersigned Vendor submits this Utilization Plan as part of its bid or offer in accordance with the requirements of solicitation # CMS793372P and the requirements of the Business Enterprise Program (BEP). The solicitation contains a goal that 22.00 % of the value of the contract will be performed by BEP certified vendors as defined by the Department of Central Management Services (CMS). The solicitation contains a goal that 3.00 % of the value of the contract will be performed by Veteran Small Business certified vendors (VSB) as defined by the Department of Central Management Services.

The Utilization Plan consists of the following parts, each of which must be completed and returned as instructed in this Commitment. No alterations of these forms will be permitted. One set of Parts I-IV must be completed for the BEP goal and one set must be completed for the VSB goal:

Part I: Vendor Commitment (with Signature)

Part II: Subcontractor Participation Agreement(s)

Part III: Good Faith Effort (Checklist, Contact Log, and Documentation)

Part IV: Utilization Plan Terms and Conditions (These terms and conditions apply to all options below but do not need to be returned.)

The undersigned Vendor acknowledges that (1) Vendor has read, understands, and agrees to BEP policies, rules, and procedures as defined in the Terms and Conditions in Part IV of this document, and (2) Vendor hereby affirms (select one of the options below):

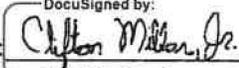

- Vendor is a BEP certified firm and plans to fully meet the goal through self-performance or Vendor is a VSB certified firm and plans to fully meet the VSB goal through self-performance. (Return this Part I Signature Page only.)
- Vendor has identified BEP and VSB certified subcontractor(s) to fully meet the established BEP and VSB goals. Only BEP certified subcontractors may be used to meet the BEP goal and only VSB certified subcontracts may be used to meet the VSB goal if Vendor intends to meet the established goal in whole or in part through the use of subcontractors. Subcontractors that are both BEP and VSB certified may only be counted towards the BEP or VSB goal. (Return this Part I Signature page and signed Part II Subcontractor Participation Agreement(s) to equal or exceed the goal.)
- Vendor cannot fully meet the goal but has made Good Faith Effort towards meeting the goal, and hereby requests a waiver or reduction of the goal to \_\_\_\_\_% based on the completed Good Faith Effort. (If requesting a waiver, return this Part I Signature Page and completed Part III Good Faith Effort. If requesting a reduction, return this Part I Signature Page, Part II signed Subcontractor Participation Agreement(s), and completed Part III Good Faith Effort.)

The undersigned Vendor understands that all subcontractors identified in this Utilization Plan and Participation Agreement(s) must be certified with the Illinois Department of Central Management Services (CMS) BEP at the time of submission of all bids/offers and shall perform commercially useful functions as defined in Part IV of this Utilization Plan. **We understand that compliance with this Utilization Plan is a mandated part of this solicitation and that this Utilization Plan will become a**

**UTILIZATION PLAN PART III: DEMONSTRATION OF GOOD FAITH EFFORTS TO  
ACHIEVE GOAL AND REQUEST FOR WAIVER**

If the BEP/VSB participation goal will not be achieved in whole or part, the Good Faith Efforts Procedures outlined in Parts III and IV of this document will be used to evaluate submitted Utilization Plans. A Vendor providing Good Faith Effort documentation and a request for waiver must complete and submit Part III of this Utilization Plan in its entirety in addition to its bid/offer. Failure to submit the Good Faith Effort Contact Log, checklist, and supporting documentation in its entirety shall render Vendor's bid or offer non-responsive and cause it to be rejected.

Below is a checklist of actions that will be used to evaluate a Vendor's Demonstration of Good Faith Efforts and Request for Waiver. **Please check the actions which you have completed.** If any of the following actions are not completed, please attach a detailed written explanation indicating why such action was not completed. If any other efforts were made to obtain BEP certified vendor participation, in addition to the items listed below, attach a detailed description of such efforts.

- Utilize the website: <https://cms.diversitycompliance.com> to identify BEP/VSB certified vendors within the respective NIGP Class or Class Item code(s) on the solicitation documents. At a minimum, email all listed vendors with project specifications sufficient to build a quote, then solicit quotes from all vendors who express an interest with follow-up emails and telephone calls. <sup>1</sup>After 22 GB of data usage on a line during any billing cycle, usage may be prioritized behind other customers in the event of network congestion. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at up to 1080p. <sup>2</sup>Mobile Hotspot is available on all capable devices and allows the line to share data allowance with multiple Wi-Fi enabled devices. If 22 GB of Mobile Hotspot data usage is exceeded on any line in any given billing cycle, Verizon Wireless will limit the data throughput speeds for additional usage for the remainder of the then-current billing cycle for the line that exceeds the data usage. For data usage in Canada and Mexico, after the first 512 MB of usage in a day, throughput speeds for additional usage will be reduced for the remainder of the day. Usage outside of the United States requires a 4G LTE GSM/UMTS global-capable device.

This is a current retail plan and is subject to change or be discontinued, with 60 days' notice to the State. This One Talk Connected desk phone is not compatible with Private Network Traffic Management (PNTM) or Private Network.

### 5G Business Internet Ultra Wideband Plan (C-Band) for Public Sector\*

This plan is not eligible for monthly access fee discounts.

<b>Monthly Access Fee</b>	<b>\$45.00</b>
<b>5G Ultra Wideband (C-Band) Speed Tier Limit (Up to)<sup>1</sup></b>	100 Mbps
<b>5G Ultra Wideband (C-Band) Domestic Data Allowance</b>	Unlimited
<b>Service Rate Plan #</b>	53974

**Notes:** Current coverage details and additional plan information can be found at [www.verizonwireless.com](http://www.verizonwireless.com). These price plans are restricted to the Verizon Wireless 5G Ultra Wideband @ network and 4G network (domestic and international roaming are not available). Service may fall back to the 4G LTE network if the Verizon Wireless 5G Ultra Wideband network becomes temporarily unavailable. Verizon's 4G LTE network is a separate network from Verizon's 5G Ultra Wideband network. \*This plan is for mobile broadband service and can only be activated on select compatible Customer-provided data routers that enable 5G Ultra Wideband (specifically C-Band) service. Customer will be required to purchase or provide a Verizon approved, compatible 5G-enabled C-Band receiver/router, and any necessary installation or connection to the Verizon Wireless network. Customer should contact Customer's account representative to determine if a Customer-provided router is compatible. <sup>1</sup>Speeds represent the maximum download speed but may be lower in the event of network congestion. Uplink speeds may be lower than downlink speeds. This plan is a fixed location plan, and 5G Ultra Wide service is being provided at the qualified service address that Verizon Wireless approved at the time the Service was activated. Where Customer chooses to use the Service in a mobile environment, Customer acknowledges and agrees that Service may fall back to Verizon's 4G LTE network where Verizon Wireless 5G Ultra Wideband service is not available. In order to protect its network, operations, and other customers, Verizon Wireless may suspend or terminate service to affected lines with prior written notice, deny activation of new lines or, upon Legal Notice, may terminate the Service, if Customer uses the Wireless Service or Devices (a) in an illegal or improper manner (including "spamming" or other abusive messaging or calling); (b) in a manner prohibited by these terms; or (c) in a manner that, in Verizon Wireless's reasonable discretion, has an adverse impact on its network, operations or customers.

	1,000+ MB	\$ 2.25

**Note:** Machine to Machine coverage included the Verizon Wireless 4G, 3G and 3G Extended networks. Current data coverage details can be found at [www.verizonwireless.com](http://www.verizonwireless.com). All lines on this Plan must be on a separate account profile from Customer's other Voice, Data and Machine to Machine lines. Billing system limitations may require lines to be set up on multiple billing accounts. Detailed billing information will only be available online and the account will require its own unique log in credentials. All charges will be billed in arrears and data usage will be rated and billed in KBs (For example, data usage in the 100MB-199MB tier will be rated between 102,400KB and 204,800KB). Data usage from all lines active, at any time during the bill cycle, on the this plan will be aggregated to determine the applicable data usage tier for that month and each line will then be billed for its usage at that rate. Customer must maintain a minimum of 2000 M2M Lines on this plan otherwise all usage on the plan will be charged at \$5.50 per MB.

Public Safety Plans

**Custom 4G Unlimited Mobile Broadband Plan with Mobile Broadband Priority and Preemption for National Security, Public Safety, and First Responders**

Government Liable Subscribers Only

The plan below reflects the monthly access charge discount. No additional discounts apply.

Only 4G LTE GSM/UMTS global-capable devices can be activated on this plan.

Monthly Access Charge	\$35.99
Domestic Data Allowance <sup>(1)</sup>	Unlimited
Rate Plan # (Jetpack, USB, Tablet)	20663
Rate Plan # (Router, Permitted Stationary Device)	53918

**NOTE:** No domestic roaming or long distance charges. Coverage includes the Verizon Wireless 4G network; and the 3G network, while available. <sup>(1)</sup> Data usage on this rate plan is not subject to speed reductions ("throttling") within a given billing cycle. However, in the event data usage exceeds 25GB each billing cycle for three (3) consecutive billing cycles, data throughput speeds will automatically be reduced to 600kbps for data usage exceeding 25GB per billing cycle on a go-forward basis. Data usage for actively engaged and deployed fire, police, emergency medical technicians, emergency management agency, and assigned federal law enforcement users on this plan will not be subject to speed reductions regardless of data usage during any billing cycle. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at 720p. This service plan includes Mobile Broadband Priority and Preemption. Mobile Broadband Priority allows customers to connect to the network with priority by leveraging a pool of radio resources dedicated to enable their connection. Mobile Broadband Priority identifies the user with an Access Priority setting, giving them higher priority for network access than lower Access Class users. Preemption automatically activates to provide approved personnel uninterrupted access to the network in those uncommon times when the network is fully utilized. 911 calls are never preempted. Devices utilized in conjunction with this plan are limited to mobile and fixed device applications. Dedicated streaming internet connections, streaming video on non-smartphone devices (including but not limited to, body cameras and stationary video surveillance cameras, and IoT devices are expressly prohibited on this rate plan. This plan is only available to National Security, Public Safety, and First Responder customers only as defined by the following NAICS (formerly SIC) Codes:

485111 Mixed Mode Transit Systems (Rail & Buses)	922190 Other Justice, Public Order, and Safety Activities
485112 Commuter Rail Systems	923120 Administration of Public Health Programs
621910 Ambulance Services	928110 National Security
922110 Courts	926120 Regulation and Administration of Transportation Programs
922120 Police Protection	926150 Regulation, Licensing, and Inspection of Commercial Sectors
922130 Legal Counsel and Prosecution	926130 Regulation and Administration of Comms, Electric, Gas, Utilities
922140 Correctional Institutions	921150 Am. Indian and Alaska Native Tribal Govts
922150 Parole Offices and Probation Offices	921190 Other General Government Support
922160 Fire Protection (except private)	921110 Executive Offices

**"Actively engaged and deployed" First Responders:** Verizon Wireless classifies "actively engaged and deployed" as the government liable/paid wireless lines of service of Fire departments, Police (and Sheriff) departments, Emergency Medical Technician ("EMT"), and Emergency Management Agency ("EMA"). This classification was made to support the many Fire and Police departments procuring their VZW wireless services under State, Commonwealth, or local government accounts. The State and local government Verizon Wireless billing accounts may not have a NAICS code that designates them as a Fire or Police department. Our objective is to not penalize this group of Fire or Police departments and afford them the ability to receive their service plans based on the fact that they are truly Fire and Police Departments versus how their Verizon Wireless billing accounts may be managed by the State, Commonwealth, or local government purchasing teams.

Government Liable Subscribers Only

<b>Monthly Access Fee Per MDN</b>	<b>\$0.00</b>
<p><b>NOTE:</b> Preemption Service ("Preemption") is a capability that reallocates network resources to customers so that they can connect in emergencies. In those uncommon times when the network is fully utilized, Preemption automatically activates to provide approved personnel uninterrupted access to the network. It helps ensure our national security, public safety, and first responder customers can continue to communicate with each other during times of high network use. Preemption capability is available on the Verizon Wireless 3G and 4G LTE data network. While Preemption capability may also be available on the networks of Verizon Wireless's domestic roaming partners, Verizon Wireless makes no representation of Preemption availability or reliability on such networks. Preemption is limited to select service rate plans and cannot be used in conjunction with devices or service plans utilized with dedicated internet connections (including but not limited to, stationary wireless networking router devices), streaming video on non-smartphone devices (including but not limited to, body cameras and stationary video surveillance cameras), and IoT devices are expressly prohibited from using this feature. Notes. 4G LTE Private Network subscribers with unlimited data plans are ineligible for Private Network Traffic Management. This service is only available while on Verizon Wireless' 4G network and is not available while roaming. VZ Private IP (MPLS) connectivity required. PNTM relies on customer's applications (VoIP, video, etc.) to appropriately mark IP sessions in order to prioritize their application over the 4G LTE Private Network using Internet Protocol Differentiated Services Code Point (IP DSCP). PNTM 4G LTE device must be certified for use on the Verizon Wireless network (e.g. Open Development/Open Access certified, validated for Private Network and Private Network Traffic Management.)

## 4G Smartwatch with NumberShare<sup>1</sup> Unlimited Plan – Government Subscribers Only

This plan is not eligible for monthly access fee discounts.

<b>Monthly Access Fee</b>	<b>\$10.00 (13413)</b>
<b>Domestic Anytime Minutes</b>	Unlimited
<b>Domestic Data Allowance<sup>2</sup></b>	Unlimited
<b>Domestic and International Messaging Allowance<sup>3</sup></b>	Unlimited

**Notes:** Current coverage details and additional plan information can be found at [www.verizonwireless.com](http://www.verizonwireless.com). This plan is for use only in the United States on the Verizon Wireless 4G network. When NumberShare is active on a 4G Smartwatch, certain services will not work on the Smartwatch device including: Call Forwarding, No Answer Transfer, Busy Transfer, Caller Name ID, Voicemail (access voicemail on the Smartwatch device by dialing the host smartphone number and pin), and RingBack Tones. Calls and messages to/from blocked contacts will not be blocked on the Smartwatch when NumberSharing with a host smartphone. Verizon does not guarantee that NumberShare will work at all times in every situation and the service works only with eligible devices.

1. Only lines on select smartwatches with the NumberShare service can be activated on this plan. Certain conditions must be met prior to activation. This plan can only be used when paired with a Verizon Wireless Smartphone that has unlimited data.
2. Usage may be prioritized behind other customers in the event of network congestion.
3. Unlimited messaging from within the United States to anywhere in the world where messaging services are available.

**Activation Conditions:**

Host device (smartphone) must be HD Voice capable (and enabled) and on the same sub-account as the NumberShare extension device. The extension device (watch) must be NumberShare eligible and also be HD Voice capable (and enabled).

**Notes:**

Non-HD Voice capable or enabled smartphones will not be reflected as an available NumberShare host. Eligible smartphone must be active on the account before it can be referenced as the host device in a NumberShare order.

## 4G Business Unlimited Smartwatch Plan (Standalone) Government Subscribers

This plan is **Not** eligible for monthly access fee discounts.

<b>Monthly Access Fee</b>	<b>\$20.00 (32836)</b>
<b>Voice Minutes Allowance</b>	Unlimited
<b>Domestic Data Allowance<sup>1</sup></b>	Unlimited
<b>Unlimited Domestic Text Messages</b>	Included
<b>International Text Messages while in the U.S.</b>	Included

**Notes:** Current coverage details and additional plan information can be found at [www.verizonwireless.com](http://www.verizonwireless.com). Coverage includes the Verizon Wireless 4G network; and the 3G and 3G Extended networks, while available. Only select smartwatch devices can be activated on this plan.

<sup>1</sup>After 22 GB of data usage on a line during any billing cycle, usage may be prioritized behind other customers in the event of network congestion. If 10 GB of Mobile Hotspot data usage is exceeded on any line in any given billing cycle, Verizon Wireless will limit the data throughput speeds to up to 600 Kbps for additional usage for the remainder of the then-current billing cycle for the line that exceeds the data usage. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at up to 1080p.

<sup>2</sup>Data usage generated in Canada and Mexico will be billed at the rates in the table above and will be aggregated to determine the applicable data usage tier for that month. For data usage in Canada and Mexico, after the first 512 MB of usage in a day, throughput speeds for additional usage will be reduced for the remainder of the day. Usage outside of the United States requires a 4G LTE GSM/UMTS global-capable device.

This is a current retail plan and is subject to change or be discontinued, with 60 days' notice to the State. This Business Unlimited Plan is not compatible with Private Network Traffic Management (PNTM) or Private Network.

Mutualink solution provides the interoperability required when an active incident occurs (robbery, shooting etc.), and there is a need for different public safety agencies, schools, or commercial establishments to work together. Specifically allow all parties to exchange video, files (e.g. floor plans), messages, in addition to instant Push To Talk for voice communication.

Interoperability – Mutualink solution improves collaboration (Audio, Video, Data) during emergencies in real-time. Overcome silos by enabling you to share information, between first responders, schools, and private security personnel, when you need it.

1. IWS Edge Client – Has a way of allowing drag and drop of participants and creating an active incident. Sharing audio/video data.
2. Multimedia PTT Client – Group communication to share audio/video data.
3. Radio Gateway Interconnection – Monthly charge for connecting the radio gateway to the hosted solution
4. Video Gateway Interconnection - Monthly charge for connecting the radio gateway to the hosted solution
5. Telephone Interconnection - Monthly charge for connecting the radio gateway to the hosted solution (Wireline)
6. Soft Panic SW – Allows customer to create an incident with predefined participants automatically

Please note: LEGACY Pricing does not apply to DoIT government subscribers lines that have migrated to the current pricing under this contract.

## Verizon Wireless Plan and Feature Details

**Plans and Associated Charges:** Billing, shipping and end-user address must be within an area where Verizon Wireless is licensed and provides service. Charges for calls will be based on the cell sites used, which may be outside the calling plan coverage area even when the subscriber is physically within the coverage area. Time of the call is based on the telephone switching office that carries the call, which may be different from the time of day shown on subscriber's phone. Unused monthly minutes and/or Megabytes are lost. On outgoing calls, charges start when subscriber presses **SEND** or the call connects to a network, and on incoming calls, when the call connects to a network (which may be before it rings). A call may end several seconds after subscriber presses **END** or the call disconnects. Calls made on the Verizon Wireless network are only billed if they connect (which includes calls answered by machines). Billing for airtime and related charges may sometimes be delayed. Calls to "911" and certain other emergency services are toll-free and airtime-free. Airtime may be charged when dialing toll-free numbers.

**Price Plan Changes:** When changing calling plans/features, depending upon the calling plan/feature selected, changes may be:

- Backdated to the beginning of the billing cycle;
- Future dated to the beginning of the next billing cycle; or
- Made effective that day and therefore prorated based on the number of days the service is provided, rather than billing for the entire bill cycle.

Please note: Backdating is recommended when the customer has exceeded the existing plan/feature allowance or wants the benefit of the new allowance in the current bill cycle. System logic restricts backdating in the following scenarios: moving down in plan access charge; changing from a data plan to a voice plan; or if the plan is not available on the first day of the bill cycle, as may be the case with a new pricing launch. Under these scenarios, changes are either processed on demand or with future dating.

**Anytime Minutes:** Anytime Minutes apply when making or receiving calls from a calling plan's rate and coverage area. Coverage information is available at [www.verizonwireless.com](http://www.verizonwireless.com). Airtime is rounded up to the next full minute. Allowance minutes/Megabytes are not transferable except as may be available on plans with sharing. In order to gain access to coverage in newly expanding markets, subscribers must periodically dial \*228 to update roaming information from voice or Smartphone devices; from the VZAccess Manager, go into "Options" and click "Activation," while in the National Enhanced Services Rate and Coverage Area every three months. This may alter the rate and coverage area. Automatic roaming may not be available in all areas and rates may vary. Roaming charges may be delayed to a later bill.

**Long Distance:** Unlimited domestic long distance is included when calling from the plan's rate and coverage area, unless otherwise specified in the plan.

**Unlimited Messaging:** Unlimited Messaging is included with the certain plans and is available in the National Enhanced Services rate and coverage area in the United States. Messaging applies when sending and receiving (i) text, picture and video messages to and from Verizon Wireless and Non-Verizon Wireless customers in the United States, (ii) Text, picture, and video messages sent via email, (iii) Instant messages, and (iv) Text messages with customers of wireless carriers in Canada, Mexico, Puerto Rico, and the U.S. Virgin Islands. Messaging is subject to Text, Picture, and Video Messaging Terms and conditions. Premium messages are not included. **Friends & Family:** Calls directed to and received from an account's listed Friends & Family numbers shall not use Monthly Anytime Voice Minutes. For Nationwide for Business plans with 900 minutes or more or 450 minute plan with the share option can add up to ten (10) Friends & Family numbers. Only calls from Nationwide Coverage Area to designated domestic landline or wireless numbers (excluding Directory Assistance, 900 numbers, or customer's own wireless or Voicemail access numbers) may be added; all qualifying lines on an account share the same Friends & Family numbers, up to account's eligibility limits; My Verizon, My Business Account or Verizon Enterprise Center is required to set up and manage Friends & Family numbers.

**Mobile to Mobile Calling:** Mobile to Mobile Calling minutes apply when making calls directly to or receiving calls directly from another Verizon Wireless subscriber while in the Nationwide Rate and Coverage area. Mobile to Mobile calls must originate and terminate while both Verizon Wireless subscribers are within the Mobile to Mobile Calling area. Mobile to Mobile Calling is not available (i) with fixed wireless devices with usage substantially from a single cell site, (ii) for data usage including Picture or Video Messaging (iii) if Call Forwarding or No Answer/Busy Transfer features are activated, (iv) for calls to Verizon Wireless customers using any of the global services, (v) for calls to check Voice Mail, (vi) in those areas of Louisiana and Mississippi where the users roaming indicator flashes, (vii) in Canada and Mexico and (viii) to users whose current wireless exchange restricts the delivery of Caller ID And (viii) for incoming calls if Caller ID is not present or Caller ID Block is initiated. Mobile to Mobile Calling minutes will be applied before Anytime Minutes.

**Night and Weekend Minutes:** Apply to calls made in a calling plan's rate and coverage area only during the following hours: 12:00 am Saturday through 11:59 pm Sunday and 9:01 pm to 5:59 am Monday through Friday. If both Night and Weekend and Mobile to Mobile Calling minute allowances apply to a given call, Mobile to Mobile Calling minutes will apply before Night and Weekend minutes. However, if either allowance is unlimited, the unlimited allowance will always apply first.

**Nationwide for Business Share Option:** The Share Option is available to businesses with a minimum of five (5) Nationwide for Business lines on the same account with the share option. The Monthly Anytime Minutes of all lines on an account will be aggregated, and then allocated first to the line with the highest anytime minute usage, and then to the line with the next highest usage.

**Push to Talk Plus:** Push to Talk Plus (PTT+) capable Equipment required. Push to Talk Plus capable Equipment can only be used with a Push to Talk Plus calling plan. **Subscribers switching from a Push to Talk Plus Calling Plan to another calling plan may not be able to use certain Push to Talk Plus capable Equipment with the new plan.** Push to Talk Plus calls may only be made with other Verizon Wireless Push to Talk Plus subscribers. Push to Talk Plus Subscribers may initiate or participate on a call, simultaneously, with as many as 250 total participants (total is limited to (50) if interoperating between 3G and 4G participants). Administrators can be designated to manage the Push to Talk contact lists via a single website interface with a single user name/password. Existing Push to Talk Subscriber Equipment may require a software upgrade to use Push to Talk Plus or replacement with a Push to Talk Plus capable device. Push to Talk Plus is only available within the National Enhanced Services Rate and Coverage Area and WiFi access points. There will be a delay from the time a Push to Talk Plus call is initiated until the Push to Talk Plus call is first received by the called party. If an incoming voice call is received while on a Push to Talk Plus call the voice call may be answered and the Push to Talk Plus placed on hold. If an incoming Push to Talk Plus call is received while on a Push to Talk Plus call the PTT call icon can be selected to connect to the Push to Talk Plus call. If the incoming voice or Push to Talk Plus call is not answered a missed call alert will display. Network registration information will be sent to the Equipment each time it is powered on in the National Enhanced Services Rate and Coverage Area, each time the Subscriber travels into the National Enhanced Services Rate and Coverage Area, and every 12 hours if the Subscriber stays within the National Enhanced Services Rate and Coverage Area. While the updated network registration information is being sent to the Equipment, incoming voice calls will go directly to voice mail. Contact list cannot be modified from certain Equipment. Subscriber cannot prevent others who have the Subscriber's MTN from entering the MTN into their Push to Talk contact list. Only one person can speak at a time during a Push to Talk Plus call. In-Call Talker Override (Talker Priority) allows a pre-determined user priority to take the floor to communicate urgent message over participant. Push to Talk Plus services cannot be used for (i) access to the Internet, intranets or other data networks, except as the device's native applications & capabilities permit, (ii) any applications that tether Equipment to laptops, personal computers or other devices for any purpose. Please visit our website [www.verizonwireless.com](http://www.verizonwireless.com) for additional Push to Talk Plus information.

**International Eligibility:** International Eligibility requires a minimum payment history and credit approval; a contract term and security deposit may also be required. Failure to maintain these requirements may result in suspension of International Eligibility without notice. You can remove International Eligibility at any time by calling Customer Service. You are responsible for any unauthorized use of your SIM Card and will safeguard security codes. Upon termination of service, destroy your SIM Card. See [www.verizonwireless.com/global](http://www.verizonwireless.com/global) for details. **International Long Distance:** You need International Eligibility to make international calls to most countries, but you can make calls to some North American destinations without it. Additional surcharges may apply when calling certain countries; see [www.verizonwireless.com/global](http://www.verizonwireless.com/global) for additional information.

details.

**Verizon Wireless International Long Distance Value Plan:** International Eligibility required to call most countries. Value Plan feature is not available on all Plans. Rates are subject to change without notice. Standard International Long

Distance rates apply in addition to airtime charges per your Plan on calls made from the Verizon Wireless network. Rates and service availability may vary when your phone's banner displays "Extended Network." Value Plan rates apply only on calls to Value Plan Countries made from your Plan's Rate and Coverage Area. If a subscriber's Plan's Rate and Coverage Area includes calls to any Value Plan country, those calls will be billed per the Plan. Except when roaming on another carrier's network, in which case that carrier's rates, taxes and surcharges apply. For Value Plan subscribers, calls made from the Verizon Wireless network to countries not included in the Value Plan will be billed at standard International Long Distance rates. Additional surcharges may apply when calling certain destinations, see [www.verizonwireless.com/international](http://www.verizonwireless.com/international) for details.

**International Roaming:** Some services, such as premium text messaging, directory assistance, entertainment lines and third-party services, may be available, and charges for these services will be billed (along with applicable toll charges) in addition to roaming rates. Message-waiting-indicator service is not available where Text Messaging is not available. When using Global Phone, or Global Data services, or if you subscribe to a Nationwide Plus Canada or Nationwide Plus Mexico Plan, and you're roaming near country borders, calls may be carried by a cell site located in a neighboring country and billed at that country's rates. Verizon Wireless will terminate your service for good cause, upon 60 days written notice, if less than half of your voice or data usage over three consecutive billing cycles on the Verizon Wireless National Enhanced Services Rate and Coverage Area. See [verizonwireless.com/global](http://verizonwireless.com/global) for rates and destinations, which are subject to change without notice. International Eligibility required for GSM roaming in many destinations. Rates, terms and conditions apply only when roaming on participating GSM networks in published destinations. Availability of service, calling features, and Text messaging varies by country and network and may be restricted without notice. You must add International Eligibility to your account to roam in many destinations. Visit [verizonwireless.com/naroaming](http://verizonwireless.com/naroaming). By using Equipment outside the United States, subscriber is solely responsible for complying with all applicable foreign laws, rules and regulations ("Foreign Laws"), including Foreign Laws regarding use of wireless phones while driving and use of wireless camera phones. Verizon Wireless is not liable for any damages that may result from subscriber's failure to comply with Foreign Laws.

**Roaming in GSM countries:** GSM Global Phone, activated in the United States with compatible Subscriber Identity Module (SIM) card required. Rates, terms and conditions apply only when roaming on participating GSM networks in published Global Phone countries. Service may be available in additional countries, but airtime rates, availability of calling features, and ability to receive incoming calls (including return calls from emergency services personnel) may be restricted. See [www.verizonwireless.com](http://www.verizonwireless.com) for coverage and airtime rates. Service in certain countries may be blocked without prior notice. Where Text messaging is available, Customer will be charged \$0.50 for each message sent and \$0.05 for each message received. Text messaging rates are subject to change. Text messages may be sent only to MTNs of (i) Verizon Wireless customers, and (ii) customers of foreign wireless carriers that participate in international text messaging. Check [www.vtext.com](http://www.vtext.com) for the most current list of participating foreign carriers.

**Data Services:** Verizon Wireless charges you for all data and content sent or received using our network (including any network overhead and/or Internet Protocol overhead associated with content sent or received), as well as resolution of Internet Protocol addresses from domain names. Sending or receiving data using a virtual private network (VPN) involves additional VPN overhead for which you will be charged. Please note that certain applications or widgets periodically send and receive data in the background, without any action by the user, and you will be billed for such data use. Applications may automatically re-initiate data sessions without you pressing or clicking the **SEND** or connect button. Data sessions automatically terminate after 24 hours. A data session is inactive when no data is being transferred. Data sessions may seem inactive while data is actively being transferred, or may seem active when the data is actually cached and data is not being transferred. If you have a Data Only plan and use voice service, domestic voice calls will be billed at \$0.25/minute.

Verizon Wireless is implementing optimization and transcoding technologies in our network to transmit data files in a more efficient manner to allow available network capacity to benefit the greatest number of users. These techniques include caching less data, using less capacity, and sizing the video more appropriately for the device. The optimization process is agnostic to the content itself and to the website that provides it. While Verizon Wireless invests much effort to avoid changing text, image, and video files in the compression process, and while any change to the file is likely to be indiscernible, the optimization process may minimally impact the appearance of the file as displayed on your device. For a further, more detailed explanation of these techniques, please visit [verizonwireless.com/vzwoptimization](http://verizonwireless.com/vzwoptimization). Verizon Wireless strives to provide customers with the best experience when using our network, a shared resource among tens of millions of customers. To further this objective, Verizon Wireless has implemented Network Optimization Practices designed to ensure that the overwhelming majority of data customers aren't negatively impacted by the inordinate data consumption of a few users. For a further more detailed explanation of these techniques please visit [www.verizonwireless.com/networkoptimization](http://www.verizonwireless.com/networkoptimization). Data transfer amounts will vary based on application. If you download an audio or video file, the file may be downloaded in sections or in its entirety; data charges will apply to the portion downloaded, regardless of whether you listen to or watch all of it. You may access and monitor your own data usage during a particular billing period, including during the Return Period, by accessing My Verizon online or by contacting Customer Service.

**Data Services: Permitted Uses:** You can use Verizon Wireless Data Services for accessing the Internet and for such uses as: (i) Internet browsing; (ii) email; intranet access (including accessing corporate intranets, email and individual productivity applications made available by your company); (iv) uploading, downloading and streaming of audio, video and games; and (v) Voice over Internet Protocol (VoIP).

**Data Services: Prohibited Uses.** You may not use our Data Services for illegal purposes or purposes that infringe upon others' intellectual property rights, or in a manner that interferes with other users' service, that violates trade and economic sanctions and prohibitions as promulgated by the Departments of Commerce, Treasury or any other U.S. government agency, that interferes with network's ability to fairly allocate capacity among users, or that otherwise degrades service quality for other users. Examples of prohibited usage include: (i) server devices or host computer applications that are broadcast to multiple servers or recipients such that they could enable "bots" or similar routines (as set forth in more detail (ii) below) or otherwise denigrate network capacity or functionality; (ii) "auto- responders," "cancel-bots," or similar automated or manual routines that generate amounts of net traffic that could disrupt net user groups or e-mail use by others; (iii) generating "spam" or unsolicited commercial or bulk e-mail (or activities that facilitate the dissemination of such e-mail); (iv) any activity that adversely affects the ability of other users or systems to use either Verizon Wireless' services or the Internet-based resources of others, including the generation of dissemination of viruses, malware, or "denial of service" attacks; (v) accessing or attempting to access without authority, the information, accounts or devices of others, or to penetrate, or attempt to penetrate Verizon Wireless' or another entity's network or systems; or (vi) running software or other devices that maintain continuous active Internet connections when a computer's connection would otherwise be idle or "any keep alive" functions, unless they adhere to Verizon Wireless' requirements for such usage, which may be changed from time to time.

Verizon Wireless further reserves the right to take measures to protect our network and other users from harm, compromised capacity or degradation in performance. These measures may impact your service, and Verizon Wireless reserves the right to deny, modify or terminate service, with or without notice, to anyone Verizon Wireless believes is using Data Services in a manner that adversely impacts the Verizon Wireless network. **Verizon Wireless may monitor your compliance, or other subscribers' compliance, with these terms and conditions, but Verizon Wireless will not monitor the content of the communications except as otherwise expressly permitted or required by law. [See [verizonwireless.com/privacy](http://verizonwireless.com/privacy)]**

**Unlimited Data Plans and Features (such as Mobile Broadband Access, BroadbandAccess and certain VZEmail services) may ONLY be used with wireless devices for the following purposes:** (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation). The Unlimited Data Plans and Features MAY NOT be used for any other purpose. Examples of prohibited uses include,

Verizon Wireless offers this pricing utilizing the terms and conditions of the State of Illinois Contract CMS 793372P. Alternatively, you may contact your local Verizon Government Sales representative for additional information. [Exhibit 1] ©Verizon 2022

without limitation, the following: (i) continuous uploading, downloading or streaming of audio or video programming or games; (ii) server devices or host computer applications, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, automated machine-to-machine connections or peer-to-peer (P2P) file sharing; or (iii) as a substitute or backup for private lines or dedicated data connections. This means, by way of example only, that checking email, surfing the Internet, downloading legally acquired songs, and/or visiting corporate intranets is permitted, but downloading movies using P2P file sharing services and/or redirecting television signals for viewing on laptops is prohibited.

For individual use only and not for resale. We will protect our network from harm, which may impact legitimate data flows. We will limit throughput or amount of data transferred exceeding 25 GB to 200 Kbps up and 200 Kbps down in a given billing cycle, and reserve the right to deny or terminate service, with 60 days notice, to anyone we believe is using an Unlimited Data Plan or Feature in any manner prohibited above or whose usage adversely impacts our network or service levels. Anyone using more than 25 GB per line in a given month is presumed to be using the service in a manner prohibited above, and we will limit data throughput speeds for all additional usage on that line for the remainder of that bill cycle. We also reserve the right to terminate service upon 60 days notification to the customer.

Unlimited VZAccess and VZEmail: NationalAccess, BroadbandAccess, and GlobalAccess data sessions may be used for the following purposes: (i) Internet browsing, (ii) e-mail, and (iii) intranet access (including access to corporate intranets, e-mail and individual productivity applications like customer relationship management, sales force and field service automation). Unlimited VZAccess and VZEmail services cannot be used (i) for uploading, downloading or streaming of movies, music or games, (ii) with server devices or with host computer applications, other than applications required for BlackBerry or Wireless Sync service, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, Voice over IP (VoIP), automated machine-to-machine connections, or peer-to-peer (P2P) file sharing, or (iii) as a substitute or backup for private lines or dedicated data connections. Additionally, Unlimited

VZEmail services cannot be used for, (i) access to the Internet, intranets or other data networks, except as the Equipment's native applications and capabilities permit, or (ii) for any applications that tether Equipment to laptops or personal computers other than for use of the Wireless Sync or BlackBerry Solutions. Unlimited BroadbandAccess and NationalAccess data sessions automatically terminate after 2 hours of inactivity, unless Subscriber has Mobile IP (MIP) capable Equipment

**Data Roaming:** In the Canadian Broadband and Canadian Enhanced Services Rate and Coverage Areas, usage will be charged at a rate of \$0.002/KB or \$2.05/MB. In the Mexican Enhanced Services Rate and Coverage Area, usage will be charged at a rate of \$0.005/KB or \$5.12/MB. In other available countries, usage will be billed at a rate of \$0.02/KB or \$20.48/MB. International Eligibility is needed to roam in many destinations. Current coverage details, and list of Other Available Countries can be found at [www.verizonwireless.com/international](http://www.verizonwireless.com/international).

**Global Data Optional Features:** Global PC Card required for international use. Global PC Cards will not work in the United States or Canada and Global Data Optional Features subscribers will need a NationalAccess or Mobile Broadband PC card for domestic use. The domestic and Global PC Cards cannot be used at the same time. Prior to leaving the United States, subscribers must install Global Data Optional Features VZAccess Manager<sup>SM</sup> and run the OTA wizard. Global Data Optional Features subscribers must activate and update their Preferred Roaming lists while in the National Enhanced Services Rate and Coverage Area every three months. Verizon Wireless reserves the right to terminate the service of any subscriber whose total usage is less than half on the Verizon Wireless National Enhanced Services Rate and Coverage Area over three consecutive billing cycles.

**Global Email SIM Cards:** SIM Cards are available for use with your Global PC Card, Global Smartphone, or Global Phone. Verizon Wireless is not responsible for any unauthorized use of subscriber's SIM Cards and subscriber must safeguard security codes. Placing your GlobalEmail SIM in any other non-BlackBerry or Smartphone device could result in additional charges or termination of service. Upon termination of service, subscriber must destroy SIM Card.

## M2M Data Plan Terms and Conditions

A data session is inactive when no data is being transferred, and may seem inactive while data is actively being transferred to a device, or seem active when actually cached and not transferring data. Customer must maintain virus protection when accessing the service and is responsible for all data sent and received including "overhead" (data that is in addition to user-transmitted data, including control, operational and routing instructions, error-checking characters as well as retransmissions of user-data messages that are received in error) whether or not such data is actually received. Verizon Wireless will not be liable for problems receiving Service that result from Customer's device.

**Megabyte (MB) Data Plans:** M2M data usage is rounded to next full kilobyte at end of each billing cycle. Any unused portion of the megabyte allowance is lost. Equipment will not indicate kilobyte usage.

**NationalAccess Roaming Feature:** Not for use with Mobile Office Kits. Dynamic IP addresses will be assigned when roaming. Usage rounded up to next full kilobyte. For information on where NationalAccess Roaming is available, see [www.verizonwireless.com](http://www.verizonwireless.com).

**Data Roaming:** In the Canadian Broadband and Canadian Enhanced Services Rate and Coverage Areas, usage will be charged at a rate of \$0.002/KB or \$2.05/MB. In the Mexican Enhanced Services Rate and Coverage Area, usage will be charged at a rate of \$0.005/KB or \$5.12/MB. For more information on roaming in Canada and Mexico, visit [verizonwireless.com/narooming](http://verizonwireless.com/narooming). In the Bermuda, China, Dominican Republic, Guam, India, Israel, Saipan and South Korea Enhanced Services Rate and Coverage Areas, usage will be billed at a rate of \$0.02/KB or \$20.48/MB. I-Dial is needed to roam in many destinations. Only the Canadian Broadband Rate and Coverage Area supports EV-DO.

## M2M Data Plan Share Options

**Share Options:** Sharing is available only among Government Subscribers on applicable M2M Low Usage and High Usage calling plans.

**Account Share:** Customer may activate up to 15 share groups per account. Sharing is available only among M2M Lines on the Mobile Broadband M2M Account Share Plans on the same billing account, in the same usage group (Low Usage and High Usage plans cannot share with each other). Unused KBs will be distributed to M2M Lines with an overage on an as needed basis to M2M Lines on the same billing account that have exceeded their MB allowance during the same monthly billing period. At the end of each bill cycle any unused KBs allowances will be applied to the overages of the other M2M Lines on the same account beginning with the line with the lowest overage need until depleted. Customers subscribing to Mobile Broadband M2M Account Share Plans will be billed on separate billing accounts and invoices from Subscribers to the Mobile Broadband M2M Profile Share Plans.

**Multi-Account Share:** Customer may activate one (1) share group per profile (Low Usage and High Usage plans cannot share with each other); however, customer may have multiple bill accounts on the same profile. Sharing is available only among M2M Lines on the Mobile Broadband M2M Multi-Account Share Plans on the same profile, in the same usage group. Each sharing M2M Lines unused KBs will pass to other sharing M2M Lines that have exceeded their data allowance during the same monthly bill cycle. Unused KBs will be distributed proportionally as a ratio of the KBs needed by each applicable M2M Line to the total KBs needed by all sharing M2M Lines on the same profile. Customers subscribing to Mobile Broadband M2M Profile Share Plans will be billed on separate billing accounts and invoices from Subscribers to the Mobile Broadband M2M Account Share Plans.

**Note:** <sup>1</sup>A profile is defined as a Customer's overarching account of record under which Customer may have multiple billing accounts

## Verizon Wireless Private Network Terms and Conditions

Verizon Wireless offers this pricing utilizing the terms and conditions of the State of Illinois Contract CMS 793372P. Alternatively, you may contact your local Verizon Government Sales representative for additional information. [Exhibit 1] ©Verizon 2022

**Verizon Wireless Private Network Service ("Private Network"):** Private Network extends Customer's IP network to its wireless equipment by segregating the data between such devices and Customer's servers from the public Internet (the "Internet"). Customer's use of Private Network is subject to the Private Network terms and conditions.

**Customer Minimum Line Requirement:** Customer must maintain a minimum of 100 Machine-to-Machine lines at all times during the term of its Agreement in order to remain eligible for Private Network. If Customer falls below the 100-line minimum, Verizon Wireless reserves the right to discontinue Private Network for non-use.

**Connection to Verizon Wireless Facility:** Customer must establish a direct-connect circuit from its facilities to Verizon Wireless's facilities by the use of Virtual Private Network, Verizon Private IP, or Fixed End System connections. Customer is solely responsible for making arrangements with a local access provider for installation and ongoing maintenance of such a connection, with sufficient data throughput to meet Customer's anticipated data needs. Customer is also responsible for all charges incurred directly or through a third party associated with establishing the connection, as well as for accessing Private Network, including Internet access fees, hardware, software, license fees, and telecommunications charges.

**Customer Provided Equipment ("CPE"):** Customer must procure routers and any other CPE that meet Verizon Wireless requirements for Private Network connectivity. Customer is responsible for ensuring any CPE meets its data capacity and throughput needs.

**IP Addresses:** Customer is responsible for procuring private IP addresses, which must be communicated to Verizon Wireless during implementation. Private Network currently supports static and dynamic addressing for 1X service and/or EVDO service; 4G LTE service; and Internet addressing system Internet Protocol version 4. Direct Internet access requires static IP addressing.

**Dynamic Mobile Network Routing ("DMNR"):** DMNR allows configuration of Private Network for dynamic routing to the subnets it serves (up to eight) to other devices on Customer's network and as support for mobile or stationary routers. DMNR is based off Mobile IPv4-based Network Mobility protocol and requires the router to be configured to support this capability. Customer is responsible for any charges associated with the customization of its CPE to support DMNR.

## Verizon Wireless Private Network Traffic Management

**Private Network Traffic Management (PNTM):** PNTM allows Customer to configure its Private Network to allow differentiated Quality of Service (QoS) by application over Verizon Wireless's LTE network using standards-based IP packet marking. Customer can identify applications on its 4G LTE devices to get priority QoS over its Private Network. Verizon Wireless makes no guarantee of PNTM bandwidth allocations, which are subject to the limitations of wireless service availability as detailed in the Agreement. Customer is responsible for any charges associated with the customization of its CPE to support PNTM.

**PNTM for Public Safety:** Eligible public safety accounts can take advantage of priority access to a data channel over the Wireless Service for its data traffic during times of heavy network demand. While PNTM for Public Safety enables a dedicated data channel, Verizon Wireless makes no guarantee of Wireless Service availability, which is subject to the limitations of wireless service availability as detailed in the Agreement. PNTM for Public Safety is only available to Customers approved by Verizon Wireless that qualify as Public Safety Entities classified by the following NAICS codes a) 621910 Ambulance Services; b) 922110 Courts; c) 22120 Police Protection; d) 922130 Legal Counsel and Prosecution; e) 922140 Correctional Institutions; f) 922150 Parole Offices and Probation Offices; g) Fire Protection; h) 922190 Other Justice, Public Order, and Safety Activities or i) National Security.

**Customer Private Network Contact:** Customer must designate a Private Network representative and provide contact information, including a phone number and email address. The Private Network contact will work with the Verizon Wireless solution engineer through the Private Network implementation and testing processes detailed below. The contact shall be available during business hours and any other time period that Customer utilizes Private Network for the purpose of assisting to resolve service problems and trouble shooting.

**Private Network Implementation and Testing:** Verizon Wireless will implement Customer's Private Network, which requires Customer to a) provide any information (e.g., account numbers, IP address ranges, router/CPE information) necessary to complete the Private Network Connectivity Form; b) participate in a Private Network turn-up call to ensure that CPE is properly configured to support the Private Network connection; and c) participate in a Solution Validation call to confirm that Private Network is working properly from Verizon Wireless to Customer's applications.

**Wireless Devices/Network Access:** Customer must use Private Network-compatible end-user Equipment and at Customer's expense must submit any devices not identified as Private Network compatible to Verizon Wireless, for network testing and Private Network certification. Private Network functionality is available on the Verizon Wireless 3G and 4G data network, subject to the limitations defined in this Addendum. While Private Network functionality may also be available on the networks of Verizon Wireless' domestic and international roaming partners, Verizon Wireless makes no representation of Private Network availability or reliability on such networks.

**Permitted Use/Fraud:** Customer shall use Private Network only for lawful purposes and shall not send or enable via the Private Network connection, by way of example, any SPAM, viruses, worms, trap doors, back doors or timers, nor shall Customer engage in any mail-bombing or spoofing via Private Network. Customer is responsible for the security of its network and end-user devices and is responsible for any unauthorized access to the Private Network. Verizon Wireless will treat any traffic over the Private Network as authorized by Customer. Verizon Wireless reserves the right but is not obligated to filter fraudulent usage.

**Maintenance/Service Changes/Termination of Private Network Service:** Verizon Wireless may limit access to Private Network in order to perform maintenance to the service and will use reasonable efforts to provide Customer with prior notice of such maintenance. With reasonable advance notice, Verizon Wireless has the right to modify and reconfigure Private Network as it deems necessary to enhance Customer's experience or to safeguard the Verizon Wireless network. In addition, VERIZON WIRELESS CAN WITHOUT NOTICE LIMIT, SUSPEND OR CANCEL CUSTOMER'S ACCESS TO OR USE OF PRIVATE NETWORK IF CUSTOMER VIOLATES THE RESTRICTIONS OF THIS ADDENDUM OR FOR GOOD CAUSE. Good cause includes (a) breach of the terms of this Addendum or the Agreement; (b) unlawful use of Private Network; (c) using Private Network in a way that adversely affects the Verizon Wireless network or Verizon Wireless' customers; (d) breach of an obligation of Customer to comply with any applicable federal, state and local government laws, rules and regulations, industry practices, third-party guidelines, or other applicable policies and requirements; (e) the suspension or termination by any governmental body of competent jurisdiction of Customer's service or the institution of a requirement, ruling or regulation that conflicts with this Addendum; or (f) for operational or governmental reasons.

**No Warranties:** Verizon Wireless makes no warranties, express or implied, with respect to Private Network, which it provides to Customer on an "AS IS" basis "WITH ALL FAULTS" and "AS AVAILABLE." The accuracy, timeliness, completeness, suitability, or availability of any aspect of Private Network cannot be guaranteed. THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT ARE HEREBY EXPRESSLY DISCLAIMED IN THEIR ENTIRETY. The foregoing limitations, exclusions and disclaimers shall apply to the maximum extent permitted by applicable law. Verizon Wireless makes no representation that it supports any service levels with respect to the availability, performance, capacity, uptime or any similar metrics of Private Network.

The terms of Private Network supplement the Agreement. The terms of Private Network are applicable to Customer's use of Private Network. If there are any inconsistencies between the terms of Private Network and the Agreement, the terms of Private Network shall control with respect to Private Network.

## Networkfleet Terms and Conditions

The terms and conditions govern the purchase and use by Customer ("Customer" or "You") pursuant to Verizon Wireless' Contract CMS693372P with the State of Illinois for Networkfleet products and services set forth below (hereinafter referred to as the "Agreement" or the "Terms and Conditions"). If you do not agree to these Terms and Conditions you may not order Networkfleet products or services

1. DEFINITIONS. In these Terms and Conditions, the following terms, when capitalized, shall have the meaning set forth below:

"Customer Website Pages" means the web pages on the Networkfleet Website designated by Networkfleet for use by Customer.

"Devices" means the Networkfleet wireless device(s) identified on an accepted order.

"Networkfleet Services" means the services ordered hereunder including, but not limited to: (a) collection of diagnostic and/or location information from a Vehicle;

(b) any proprietary data feed or elements thereof or any APIs provided by Networkfleet; (c) analysis, delivery and posting of Vehicle information to the Networkfleet Website; (d) notification to Customer and/or a designated third party by e-mail of certain events or Vehicle information; (e) Customer access and usage of Customer Website Pages; and (f) Device installation services.

"Networkfleet Website" means the Networkfleet website currently located at [www.networkfleet.com](http://www.networkfleet.com).

"Network Fleet" is a wholly owned subsidiary of Verizon Communications, Inc, and an affiliate of Celco Partnership, d/b/a Verizon Wireless which is the "Contractor" under the State of Illinois Contract.

"Service Partners" means the entities that Verizon Wireless works with, from time to time, to provide the Networkfleet Services, including, but not limited to, installers, website operators, mapping data providers and licensors.

"Vehicle" means any vehicle equipment equipped with a Device and owned or under the control of Customer.

2. NETWORKFLEET LICENSE. During the time that Customer is entitled to receive Networkfleet Services hereunder, the Customer shall have a non exclusive, non transferable license to (i) use the Networkfleet Services in the United States and such other countries as may be approved by Verizon Wireless in writing, (ii) access and use the Customer Website Pages, and (iii) use the firmware and software included in the Devices, solely for use in connection with the Networkfleet Services, and as provided in these Terms and Conditions. Redistribution or resale of this information by the Customer is prohibited without prior written consent.
3. INSTALLATION SERVICES. If Verizon Wireless accepts an order for Device installation services, such services may be performed by Service Partners who will install the Device at a mutually agreed location, in accordance with Networkfleet's Installation Policy, located at [http://info.networkfleet.com/rs/networkfleet/images/Installation\\_Policy.pdf](http://info.networkfleet.com/rs/networkfleet/images/Installation_Policy.pdf), as it may be amended from time to time, which is available at the Networkfleet Website. Customer acknowledges and agrees that installation of the Device may involve drilling holes, rewiring and other similar alterations to the Vehicle and that Verizon Wireless is not obligated to restore the Vehicle after removal of the Device.
4. CUSTOMER OBLIGATIONS. Customer shall limit its use of the Devices, Networkfleet Services, Networkfleet Website, and Customer Website Pages to their intended purposes and shall comply, and cause its employees and agents to comply with all applicable laws and regulations and with Networkfleet's Website Acceptable Use Policy, Privacy Policy and all other policies that Networkfleet may establish from time to time, which are, or will be available, on the Networkfleet Website. Customer shall inform its drivers of Vehicles that such Vehicle has been enabled for Networkfleet Services and that the Networkfleet Services include the collection of data points associated with the Vehicle's location and manner of operation.
5. LIMITED WARRANTY. (a) Verizon Wireless warrants to Customer that a Device purchased hereunder (other than an Asset Tracker device) will be free from defects in material and workmanship that prevent the Device from functioning in accordance with its specifications for a period of three (3) years following the initial activation of a Device. The period may be extended though the same period of time as the Customer has continuously paid for Networkfleet Services for the Device; (b) Verizon Wireless warrants to Customer that an Asset Tracker device which has been purchased new from Networkfleet by Customer, will be free from defects in material and workmanship that prevent it from functioning in accordance with its specifications for a period of three (3) years from initial activation, excluding the battery. (c) Verizon Wireless warrants to Customer that all accessories that are purchased new from Networkfleet by Customer will be free from defects in material and workmanship that prevent them from functioning in accordance with their specifications for a period of one (1) year from the date of shipment, (d) Verizon Wireless warrants to Customer that installation services will be free from defects in workmanship for a period of one (1) year from completion of any such installation services (unless Customer has purchased an extended installation warranty). Verizon Wireless warrants that extended warranty installation services will be free from defects in workmanship for a period of one (1) year following completion of such services. The period may be extended through the same period of time as the Customer has continuously paid for such extended warranty installation service. (e) Warranty claims must be made by notifying Verizon Wireless in writing promptly after Customer learns of the facts supporting a warranty claim, as specified in Networkfleet's then-current applicable warranty policy. The warranty policy can be found at <http://info.networkfleet.com/rs/networkfleet/images/Warranty.pdf>. Verizon Wireless will, at its discretion, either repair or replace any non-complying Device with a Device of equivalent functionality, and if applicable, remedy any defects in installation of the Device. (f) THE REMEDIES IN THIS SECTION ARE THE SOLE OBLIGATIONS AND REMEDY FOR BREACH OF ANY WARRANTY.
6. EXCLUSIONS. The Limited Warranty does not cover repair, replacement or correction of any defect, damage or malfunctions caused by: (i) failure to properly install the Devices as described in the Networkfleet installation guides (if installation is not performed by Networkfleet); (ii) accident, negligence, theft, vandalism, operator error, misuse or acts of Nature; (iii) failure of the facilities Customer uses to access the Networkfleet Website or to conform to Networkfleet specifications; (iv) modifications, attachments, repairs or unauthorized parts replacements performed by Customer or any third party not authorized by Networkfleet; or (v) use by Customer of hardware or software not provided or approved by Networkfleet. Customer and Verizon Wireless shall agree in advance to costs and occurrence of Support Services provided to Customer under this section. Such Services shall be subject to the limitations and requirements of the Illinois Procurement Code (30 ILCS 500).
7. DISCLAIMER OF WARRANTIES. EXCEPT FOR THE LIMITED WARRANTY SET FORTH IN SECTION 5, VERIZON WIRELESS MAKES NO WARRANTY OR GUARANTEE OF ANY KIND WITH RESPECT TO THE DEVICES AND THE NETWORKFLEET SERVICES. TO THE FULLEST EXTENT PERMISSIBLE BY APPLICABLE LAW, VERIZON WIRELESS DISCLAIMS ALL REPRESENTATIONS AND WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO: IMPLIED WARRANTIES OF NONINFRINGEMENT, MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE; AND ANY IMPLIED WARRANTY ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING OR USAGE OF TRADE. VERIZON WIRELESS DOES NOT WARRANT THAT THE RECEIPT OF DATA, MAPPING INFORMATION, AND OTHER CONTENT FROM THE DEVICES WILL BE AVAILABLE AT ALL TIMES, AT ALL GEOGRAPHIC LOCATIONS, UNINTERRUPTED OR ERROR-FREE, OR THAT THE TRANSMISSION OF DATA, MAPPING INFORMATION, AND OTHER CONTENT FROM NETWORKFLEET TO CUSTOMER OR TO THE CUSTOMER WEBSITE PAGES WILL ALWAYS BE ACCURATE, TIMELY OR COMPLETE.
8. LIMITATION OF LIABILITY. (a) NEITHER PARTY WILL BE LIABLE FOR CONSEQUENTIAL, SPECIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING LOST PROFITS OR LOST DATA, EVEN IF THAT PARTY IS INFORMED THAT THOSE DAMAGES MAY OCCUR. EXCEPT FOR VERIZON'S INDEMNIFICATION OBLIGATIONS IN THE STATE CONTRACT AND DAMAGE TO PERSONS AND PROPERTY, VERIZON WIRELESS' CUMULATIVE LIABILITY UNDER ANY LEGAL THEORY SHALL NOT EXCEED THE AMOUNT PAID TO VERIZON WIRELESS. (b) WITHOUT LIMITING THE FOREGOING, VERIZON WIRELESS AND THE SERVICE PARTNERS ARE NOT RESPONSIBLE FOR LIABILITIES OF ANY KIND

RESULTING FROM DELAYS IN DELIVERY, INSTALLATION OR PROVIDING NETWORKFLEET SERVICES OR OTHER SERVICES, REGARDLESS OF THE CAUSE OF THE DELAY. CUSTOMER UNDERSTANDS AND AGREES THAT VERIZON WIRELESS SHALL NOT BE LIABLE FOR ANY DAMAGES OF ANY KIND RESULTING FROM AN ALLEGED OR ACTUAL LACK OF SECURITY RELATING TO CUSTOMER'S USE OF THE NETWORKFLEET SERVICES. (c) CUSTOMER UNDERSTANDS AND AGREES THAT: (i) THE DEVICE IS A WIRELESS DEVICE AND THAT WIRELESS COMMUNICATIONS NETWORKS ARE USED TO CONNECT THE DEVICES WITH NETWORKFLEETS DATA CENTER AND BY USING GPS (GLOBAL POSITIONING SYSTEM) TO DETERMINE A VEHICLE'S LOCATION; (ii) THE NETWORKFLEET SERVICES WILL NOT OPERATE UNLESS A VEHICLE IS IN AN AREA THAT HAS ADEQUATE WIRELESS COMMUNICATIONS COVERAGE AND, EVEN IF A VEHICLE IS IN SUCH AREA, THE NETWORKFLEET SERVICE IS SUBJECT TO WIRELESS SERVICE NETWORK AND TRANSMISSION LIMITATIONS AND MAY BE ADVERSELY AFFECTED BY TERRAIN, SIGNAL STRENGTH, WEATHER AND ATMOSPHERIC CONDITIONS, OR OTHER THINGS THAT VERIZON WIRELESS DO NOT CONTROL; AND (iii) INFORMATION ABOUT A VEHICLE'S LOCATION WILL NOT BE AVAILABLE UNLESS THE DEVICE IN THE VEHICLE IS ABLE TO RECEIVE GPS SIGNALS.

9. PROPRIETARY RIGHTS. Customer acknowledges and agrees that the Devices, the Networkfleet Service and the Networkfleet Website may include patent, copyright, trademark, service mark, trade secrets, or other intellectual property rights (collectively "Proprietary Rights") of Networkfleet, its affiliates or the Service Partners (including, with respect to the Networkfleet Website, materials that may be proprietary to Service Partners and suppliers, and that Networkfleet, its affiliates, including Verizon Wireless and/or the Service Partners retain title to and ownership of those Proprietary Rights and any and all improvements, modifications, fixes or enhancements made by or for Networkfleet, its affiliates and/or the Service Partners to the Devices, the Networkfleet Service or the Networkfleet Website and grant such Customers a limited license for purposes of utilizing the services for the purposes outlined in this agreement. Customer will not copy, modify, reverse-engineer, disassemble or decompile any software or firmware included in any Device or the Networkfleet Website or otherwise provided to Customer by or on behalf of Networkfleet, and will not disclose such software or provide access to the Devices, such software or any Networkfleet Services to any third party for such a purpose. Customer agrees that with respect to the Networkfleet Services, it shall not, nor shall it permit any third party to (a) assign, transfer, lease, rent, sell, distribute or import such Networkfleet Services to any third party; (b) except with the express written consent of Verizon Wireless, combine, embed or incorporate the Networkfleet Services into any other product or service other than any Customer-owned or developed interface for purposes of receiving the data feed delivered from the Networkfleet Devices; (c) reverse engineer, translate, convert, decompile the Networkfleet Services; (d) remove or alter any proprietary notices in the Networkfleet Services; (e) use the Networkfleet Services in connection with the transmission, sale, license, or delivery of any infringing, defamatory, offensive, or illegal products, services, or materials; (f) use the Networkfleet Services in any manner that threatens the integrity, performance, or availability of the Networkfleet Service; or (g) use the Networkfleet Service in any manner that violates local, state or federal laws, regulations or orders. The Networkfleet Website includes aerial, satellite imagery from Digital Globe, one of the Service Partners, as a mapping option. Customer agrees to comply with the terms of use contained in Digital Globe's End User License Agreement attached to the State Contract as Exhibit 8.
10. MODIFICATIONS, WEBSITE MAINTENANCE. Networkfleet may alter or modify all or part of the Devices, the Networkfleet Services or the Networkfleet Website from time to time; provided such changes do not materially adversely affect Customer's use of the Networkfleet Services or Networkfleet Website. Subject to the foregoing, such changes may include, without limitation, the addition or withdrawal of features, information, products, services, software or changes in instructions. Networkfleet reserves the right to perform scheduled maintenance for the Networkfleet Services and Networkfleet Website from time to time. This may include application and database maintenance as well as general website maintenance and may or may not involve Networkfleet Website and Networkfleet Services unavailability.
11. DATA. Customer represents that it has all rights and authority with respect to the data Verizon Wireless, Networkfleet, and the Service Partners acquire and transmit through Customer's use of the Devices, the Networkfleet Services and the Networkfleet Website ("Business Data") and grant the rights and approvals set forth in this Agreement and further grants to Verizon Wireless, Networkfleet, its affiliates and the Service Partners the nonexclusive, license and right to collect, access and use Business Data for performing the Networkfleet Services and to analyze, measure and optimize the performance of the Devices and the Networkfleet Services; provided, however, that except as may be required under law or court order, Networkfleet will not disclose or distribute Business Data to a third party in a form that permits identification of Customer.
12. EXPORT CONTROL. Customer understands and agrees that: (i) the software used in connection with the Service is controlled by US export control laws; (ii) further transfer or export of the software may be subject to US export control laws or similar laws of other countries; (iii) Customer will abide by such laws; and (iii) Customer will not re-export or divert the software to a country or activity in contravention of U.S. law. Customer represents and warrant that: (i) Customer is not now located in, does not maintain an office or residence in, is not a citizen of, nor does Customer intend to travel to (without agreeing to follow any specific federal regulatory parameters on such travel), any of the following countries: Cuba, Iran, North Korea, Sudan, Syria, or other locations where the United States or other governments may have restrictions; and (ii) Customer is not, nor does Customer anticipate being, listed on any U.S. Government, United Nations or other country's prohibited parties list (including, but not limited to the U.S. Department of Commerce Denied Persons List or Entity List and the U.S. Treasury Department's Specially Designated Nationals, Terrorists or Narcotics Traffickers List).
13. OWNERSHIP AND ACCEPTANCE. Title transfer and acceptance of products and services occur upon shipment or provision of service. GENERAL. (a) No amendment, change, modification or waiver to any provision of any accepted order or these Terms and Conditions will be binding unless signed by an authorized representative of each party. (b) The parties' respective rights and obligations under Sections 7. DISCLAIMER OF WARRANTIES, 9. PROPRIETARY RIGHTS, and 11. DATA survive termination of an order.

## One Talk<sup>SM</sup> and Message+ from Verizon - Government Terms of Service

One Talk from Verizon, together with its related devices, software and applications ("Service" or "One Talk"), is a commercially available business telephone solution that brings together the functions of office phones and mobile devices (smartphones and tablets) into a unified system, with all devices sharing the same communication features. (See <https://www.verizonwireless.com/support/one-talk-features/> for a listing of features currently available with the Service.)

The following terms of service apply to the One Talk Service. "Customer" means the eligible entity purchasing the One Talk service under the Contract along with any Customer end users using the Service.

**Customer Agreement.** Customer's use of the Service is subject to all Contract terms. This applies regardless of whether the end user device is on the Customer's account or paid for by the end user (e.g. a Bring Your Own Device arrangement between Customer and end user).

**How the Service Works.** For the Service to work on wireless devices, Customer must select the line on your agency's profile to which you wish to add the One Talk feature. Each One Talk phone number can be shared between devices with the following limits: (a) up to five smartphones and/or tablets using the One Talk Mobile App or Microsoft® Windows® and/or Apple® Mac® computers using the One Talk Desktop App, a single LTE Desk phone and a single standard desk phone or (b) up to five smartphones and/or tablets using the One Talk Mobile App or Microsoft® Windows® and/or Apple® Mac® computers using the One Talk Desktop App, two standard desk phones and a single smartphone using One Talk. You may only make voice and/or video calls with up to three (3) devices per One Talk phone number

at the same time. The Service is not compatible with all price plans and desk phones are not available under all contracts. Check with your sales representative for plan compatibility with the Service and the availability of desk phones under the Contract.

Customer is solely responsible for managing its end user access to the One Talk Service, management of end user devices and management of information transmitted via the Service. Addition of devices and associated Service features is managed and administered by the Customer through Verizon Wireless' web portal.

#### A. One Talk Components

**One Talk Dialers.** If available, the One Talk Dialers (Basic, Enhanced, and Native) add various business features to a compatible device's native dialer, which on a compatible smartphones (see <https://www.verizonwireless.com/support/compatible-one-talk-devices/> for a current list of supported devices.) With One Talk in Dialer mode, Customer's One Talk phone number will be the same as its Verizon Wireless phone number. Customer can obtain access to One Talk features by dialing numeric codes. Other devices that you select will share the same One Talk phone number.

**One Talk Mobile App.** The One Talk Mobile App is available for smartphone and tablets either from the Google Play™ Store for devices with Android™ 6.0 or higher or from the Apple® App Store for devices with iOS 10.0 or higher. To use the Service, Customer must add a One Talk phone number to the Mobile App and end users must use the Mobile App to make voice and video calls and to send and receive messages. You can also obtain access to One Talk features through the Mobile App. With the Mobile App, the device will have two phone numbers – one for its original native dialer (if available), and the other for the One Talk number. Other associated devices will share the same One Talk number. Users may install the One Talk Mobile App on a compatible device, including devices receiving service from other carriers. In such circumstances, One Talk phone numbers must be added to their devices, and the users will be Verizon Wireless subscribers for purposes of the Service only, even if they continue to use a different carrier for their original mobile telephone numbers. In order to use messaging through the One Talk Mobile App, the customer also must add the Message + App.

**Message+ App.** The Message+ App provides an integrated and customized messaging experience across an end user's mobile phone, tablet, PC, and other devices, and an integrated calling experience across a user's mobile phone and tablet. (Note that integrated calling is not part of the One Talk Service.) An end user can also send group, location and other multimedia messages ("MMS") in addition to traditional text messages. The Message+ App includes an Integrated Messaging feature that lets users send and receive text and multimedia messages on an end user's smartphone, tablet, computer or the web using a user's Verizon One Talk mobile telephone number. The service syncs up to 90 days of messages across an end user's devices.

**One Talk Desk Phones.** Each One Talk Desk Phone is a device that must be approved by and purchased from Verizon Wireless. At your location, you will need separate AC power and connectivity (e.g., through cellular service, broadband service, Ethernet or Wi-Fi). Check with your Verizon Wireless sales representative for the availability of desk phones under the Contract.

**Auto Receptionist; Hunt Group.** In order to utilize either of these features, Customer must activate a new Verizon Wireless line or port in a line from another carrier. The settings for the line must be configured using the One Talk section of the My Business web portal.

#### B. Charges

For each One Talk line, you will be charged a monthly recurring fee for the Service, in addition to the charges for data, voice, and messaging based on your service plan. Charges for international use may apply. You may be assessed additional 911 surcharges if required by law, for up to a maximum of three devices on each mobile phone number during the applicable billing cycle.

**Desk Phones.** Voice and video calls to and from One Talk desk phones will consume data on your existing broadband, cellular, or Wi-Fi connection.

The following applies if you use the VZW network to connect to the Service:

**One Talk Dialers** (Basic, Enhanced, and Native). Adding the One Talk feature to a smartphone does not consume any data. If you have a device that supports video calling, the voice portion will be billed as minutes of use and the video portion will be billed as data. Voice calls will be billed as minutes of use only.

**One Talk Mobile App.** Your download of the One Talk Mobile App will consume approximately 30 MB of data. Your use of the Service (including your download of the One Talk Mobile App) will be billed as data.

**One Talk Desktop App.** Your download of the One Talk Desktop App will consume approximately 110 MB of data. Voice and video calls to and from the One Talk Desktop App will consume data on your existing broadband connection.

**Desk Phones.** Voice and video calls to and from One Talk desk phones will consume data on your existing broadband connection.

**Auto Receptionist; Hunt Group.** You will be charged a monthly recurring fee for each Auto Receptionist and Hunt Group line in your company's profile.

**Integrated Calling Charges (Message+).** Integrated Calling does not have a separate monthly service fee, but data usage charges will be incurred in accordance with Customer's service plan. If a call is transferred among connected devices, each transfer will be billed as a separate call. Also, depending on the service address, Customer may be assessed an additional 911 charge if required by law. Any call made from a tablet to a U.S. number will be treated as a domestic call, no matter where the call originates. Any call made from a tablet to a non-U.S. number will be treated as an international long distance call that originates in the U.S., which is subject to U.S. taxes (as applicable), fees and Verizon surcharges, no matter where the call actually originates. These calls will be billed in accordance with Customer's international calling plan and/or international Contract rates.

**Emergency 911 Calls.** End users can make a 911 call over a Wi-Fi connection when using the Service, but whenever possible, end users should avoid doing so because 911 calls over a WiFi connection will not work if there is a failure of your broadband connection or electrical power, or if the 911 system doesn't recognize the address. In addition, when using a One Talk desk phone, voice functionality (including the ability to make and receive 911 calls) will not be available during a power outage, connection failure or other service disruption. Before any desk phone can be activated or the Service can be activated on any device, Customer must enter the U.S. address where Customer wants emergency services to be sent if end users call 911. It is not necessary to use the same address for all devices. It is very important that Customer updates its 911 address whenever Customer changes its location for any of these devices because this is the location that will be given to emergency services when end users dial 911. End users can go to their mobile device's Settings and change their 911 address at any time. Customer can change the 911 address for a desk phone on the One Talk section of the My Business web portal. Note: With a device using the One Talk Mobile App or the One Talk Desktop app, emergency services will use the 911 address you entered only if you use Wi-Fi to make the 911 call; otherwise, your device's built-in capabilities will provide the location of your device.

**Integrated Messaging Text Message Feature.** To send and receive SMS messages, Mobile devices associated with either One Talk Basic Dialer (if available) or One Talk Mobile App must download the Message+ App to the device. The Integrated Messaging functionality of Message+ enables you to synchronize messages across multiple devices, including smartphones, tablets and the web. Text messages sent and received while using the Service are separate from the native texting app (dual numbers) and are only temporarily retained on the One Talk message platform in the cloud. End users with access to the Service on a Smartphone or the Mobile Client can retrieve/download any text message sent or received using the Service.

**HIPAA.** Integrated Messaging is not designed for secure transmission or storage of personal healthcare information. Therefore, Customer agrees not to use Service to store or transmit Protected Health Information (PHI) as defined in the Health Insurance Portability & Accountability Act of 1996 and the Health Information Technology for Economic and Clinical Health Act of 2009 and accompanying regulations (collectively "HIPAA"). Covered Entities and Business Associates (as defined by HIPAA) will not use Integrated Messaging to store or transmit PHI. Customers that do not want its end users to save messages to the cloud (including all Covered Entities and Business Associates, as defined by HIPAA), must have an authorized representative block Integrated Messaging.

For further information, go to <https://web.vma.vzw.com/BusinessProduct>. To learn more about HIPAA, go to:

### Third Party Products

- A. **General.** If Customer uses any third party products or applications with One Talk, you authorize us to share information with third parties that is necessary for these services to operate. Some information from those third party products or applications may be transmitted into your account with us if you authorize such transmissions (Third Party Account Information) and any such Third Party Account Information transmitted to our applications or services will then be covered by our Privacy Policy. You may opt not to disclose such information to us from third party products or applications, but keep in mind some information may be needed in order for you to take advantage of some or all of the applications' or products' intended features.
- B. **Google Services.** When you provide Google Account credentials to sign into Google services or applications, Verizon will not use any Third Party Account Information in any way except to present it to the user. VZW will retain the minimal amount of information necessary in log files for 30 days to troubleshoot any reported issues with the application. Verizon will not have access to any email content. Use or transfer of any Third Party Account Information received from Google accounts will adhere to the Google API Services User Data Policy, including Limited Use Requirements.
- C. **Disclaimer.** With respect to all third party products and applications, you agree that: (1) We disclaim all warranties, express or implied, (2) We are not responsible and shall have no liability for such products or applications, and (3) you are solely responsible and liable for your use of such products and applications.
- C. **Service Limitations.** The Service is not compatible with fax machines, credit card machines or certain security systems. Your Verizon Wireless representative can suggest other possible solutions for some of these functions. Please check with your provider to confirm the compatibility requirements of your security system.
- D. **Important Service Disclosures.** CUSTOMER ACKNOWLEDGES AND AGREES THAT THE SERVICE IS IMPLEMENTED WITHOUT SPECIFIC CONTROLS THAT MAY GENERALLY BE REQUIRED OR CUSTOMARY FOR CUSTOMERS IN ANY PARTICULAR INDUSTRY AND ARE NOT DESIGNED TO SATISFY ANY SPECIFIC LEGAL OBLIGATIONS. CUSTOMER IS SOLELY RESPONSIBLE FOR DETERMINING THAT THE SERVICE SATISFIES ANY LEGAL, REGULATORY OR CONTRACTUAL OBLIGATIONS CUSTOMER MAY HAVE. CUSTOMER AGREES TO USE THE SERVICES IN ACCORDANCE WITH ALL APPLICABLE LAWS AND NOT TO USE THE SERVICES IN ANY MANNER THAT MAY IMPOSE LEGAL, REGULATORY OR CONTRACTUAL OBLIGATIONS ON VERIZON WIRELESS, OTHER THAN THOSE WITH WHICH WE HAVE EXPRESSLY AGREED TO COMPLY IN THIS ADDENDUM.
- E. CUSTOMER IS ON NOTICE THAT ANY TEXT MESSAGES DELIVERED TO A DEVICE USING THE SERVICE WILL REMAIN ON THAT DEVICE, EVEN AFTER THE MESSAGING FEATURE IS REMOVED OR END USER IS DEREGISTERED AND NO LONGER HAS ACCESS TO THE SERVICE. END USERS CONTROL THE DELETION OF MESSAGES RECEIVED ON THEIR DEVICES.
- F. **Software.** In connection with the Service, Verizon Wireless will provide software that is owned by us, our affiliates or third-party licensors ("Software"). Verizon Wireless may update the Software from time to time and Customer and/or end user failure to install any update may affect Customer's Service and/or use of the Software. Customer may use the Software only as part of, or for use with, the Service as authorized in this Addendum. Verizon Wireless grants Customer a limited, non-exclusive, non-transferable license to use the Service and the Software solely as authorized in this Addendum. All rights regarding use of the Service and Software not expressly granted in this Addendum are reserved by Verizon Wireless and/or any third-party licensors. The Software contains some programming, scripts, tools, modules, libraries, components, or other items that were developed using "Open Source" code; which are available for download at [www.verizon.com/opensource](http://www.verizon.com/opensource). Software was developed solely at private expense, and Customer has no other rights in software than those set forth herein. As such, customer may not adapt, alter, modify, reverse engineer, de-compile, disassemble, translate, attempt to derive source code from or create derivative works of the Service or Software, or otherwise tamper with or modify any security features or other Service components for any reason (or allow or help anyone else to do so). Customer also agrees to follow all rules and policies applicable to the Service, including the installation of required or automated updates, modifications and/or reinstallations of Software and obtaining available patches to address security, interoperability and/or performance issues.
- G. **Disclaimer of Warranty.** THE SERVICE AND SOFTWARE ARE PROVIDED "AS IS" AND "AS AVAILABLE" WITHOUT WARRANTIES, EXPRESS OR IMPLIED, OF ANY KIND BY EITHER VERIZON WIRELESS, OUR AFFILIATES, OFFICERS, EMPLOYEES, LICENSORS, CONTRACTORS, AND AGENTS (TOGETHER, THE "VERIZON PARTIES"), INCLUDING BUT NOT LIMITED TO WARRANTIES OF TITLE, NON-INFRINGEMENT OR IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE VERIZON PARTIES AND ANY THIRD PARTY MOBILE APPLICATION STORE OPERATORS FROM WHICH YOU DOWNLOAD THE ONE TALK MOBILE APP WILL NOT BE LIABLE TO YOU OR ANYONE ELSE FOR ANY LOSSES OR DAMAGES OF ANY KIND OR ANY SECURITY ISSUES THAT MAY RESULT FROM YOUR USE OF THE SERVICE. NO ADVICE OR INFORMATION GIVEN BY THE VERIZON PARTIES SHALL CREATE ANY WARRANTY HEREUNDER.

## Call Filter Service Attachment to Verizon Wireless Agreement

This Call Filter Service Attachment ("Call Filter Attachment") to the Agreement between Customer and Verizon Wireless sets forth the terms and conditions specific to the Call Filter Service (described below) to be provided by Verizon Wireless to Customer hereunder. If there are any inconsistencies between this Call Filter Attachment and the Agreement, this Call Filter Attachment shall control with respect to the Call Filter Service functionality or operation. Any capitalized but undefined terms used in this Call Filter Attachment shall have the meanings given such terms in the Agreement.

1. **Call Filter Service Overview.** Verizon Wireless's Call Filter Service allows Customer to take manage its calls (the "Service").
2. **Call Filter and Call Filter Plus Service Description.** Call Filter is available to Customer for no additional monthly charges, and provides spam protection (spam alerts, blocking and reporting). Call Filter Plus provides added protection with caller ID and other premium features for a monthly charge, which are set forth in Exhibit A attached hereto. Call Filter utilizes network-based functionality to provide spam alerts and caller ID information on Customer's devices, and will not require the Call Filter application for these features. Spam blocking and other enhanced spam protection tools require the Call Filter application and a compatible

device. Availability of certain features will vary depending on the device. For a full list of compatible devices and available features by device, click on Supported Devices at <https://www.verizonwireless.com/solutions-and-services/call-filter/>. Basic phones will receive network-based spam protection. Call Filter requires Verizon Wireless's 4G LTE network; limited features of the Service may be available if Customer is roaming on a VoLTE network outside of Verizon Wireless's 4G coverage area.

3. **Call Filter Limitations.** Call Filter is not available for incoming calls from restricted or unlisted numbers. Call Filter does not detect spam calls from international numbers, but Customer may choose to block calls from international numbers. Call Filter utilizes analytics and databases that are continually evolving, including spam reporting by customers. Call Filter may not work with some of our other services like NumberShare or eSIM lines.
4. **Spam Protection and the Call Filter Application.** Call Filter will alert Customer when Customer receives potential spam calls and allows Customer to turn on the spam filter to automatically block (send directly to voicemail) spam calls based on Customer's preferred risk level (as determined by Customer in the Call Filter application). If Customer enrolls in Call Filter through the Call Filter application, Verizon will automatically turn on Customer's spam filter to block all high-risk spam calls, but Customer can always turn off or adjust the blocking within the Call Filter application. Call Filter Plus, provides additional protection with caller ID for unknown numbers, access to a risk assessment meter for each spam call, reverse spam number lookup, and additional categories of spam alerts including "Robo Caller" or "Potential Fraud." With Call Filter Plus, depending upon Customer's device, Customer may also be able to view a list of callers that have been identified as spam or blocked, and block and un-block specific numbers. Call Filter's spam detection and block management may inadvertently mislabel or block legitimate callers including those to whom Customer may have given consent to communicate with via Customer mobile number. Customer should check Customer voicemail to determine if the caller is legitimate (if they left a voice message and if Customer have voicemail enabled). Verizon Wireless does not guarantee that all calls that are spam will be detected. Customer's spam settings such as spam filters and personal block and spam lists will be permanently deleted once Customer changes devices, uninstalls the Call Filter application, unsubscribes or downgrades the Service, or in the case of Android users, disables the Call Filter application or clear application cache or data.
5. **Caller ID.** Caller ID, available with Call Filter Plus, displays the name, phone number, city and state of a caller's phone number, if these details are available and supported by Customer's device. Some devices may only display the caller's name as the Call Filter may not be available on all devices. Some devices also allow identification of text messages when using an eligible messaging application. Android users may also see the caller's uploaded photo if available.
6. The caller's identity may not show if they are labelled as Robo Caller, Potential Spam or Potential Fraud on certain operating systems. Customer's saved contact names will show instead of the caller identification (so if a call would normally show as a Robo Caller with the Service, but is in Customer's list of contacts, that contact name will show instead). If Customer uploads a photo, Customer's photo will be seen by other Verizon Wireless customers that use the Service but will not override a Customer's contact photo (uploading is not available for all devices).
7. **Data Charges.** Subject to the Agreement, data charges may apply for download of the application and use of the Service. Call Filter does not operate on Wi-Fi, so data charges may apply when using the Service even if Customer device is also connected to Wi-Fi. If Customer's device is eligible for the uploading or receiving of a picture, data charges apply to such uploading and also for receiving pictures. Such data charges will be billed to Customer's Verizon Wireless account according to Customer's data plan. The Service will automatically renew every month unless canceled. For Call Filter Plus, Customer will be billed a Monthly Access Fee as specified in Exhibit A.
8. **Privacy.** Verizon Wireless may use information about Customer's activity in the Service, subject to our Privacy Policy, which can be found at <http://www.verizon.com/about/privacy/>. In order to provide the Service to Customer, Verizon Wireless will access the following information: MTN, contacts, call log, and messages (Android devices only). Verizon Wireless does not share information for any other purposes other than to render the Service. While a Customer end user can review or turn off these permissions at any time in the device settings, without access to that information, the Service will not be provided to that device.
9. **Licenses and Restrictions.** Call Filter is the property of Verizon Wireless or its licensors. Call Filter software and any application installed on Customer devices are licensed and not sold to Customer. Verizon Wireless and its licensors grants to Customer a limited, non-exclusive, revocable, non-transferable, personal, non-commercial license to use the Service for its intended use, in the United States.

10. **Restrictions on Use.** Customer will not, or permit anyone else to, sell, resell, distribute, sublicense, loan, lease, otherwise transfer, alter, modify, merge, adapt, copy, delete, record, translate, publish, upload, transmit, export, create derivative works of, make any commercial use of, reverse engineer, decompile, attempt to derive the source code, or disassemble the Service of any software that forms part of the Service. Customer may not use the Service or any part of it for any improper use (including infringement of copyright or other intellectual property rights) and must follow all laws. Customer will not alter, disable, or circumvent any features embedded in the software. All rights not expressly granted to Customer herein are reserved. Verizon Wireless may revoke this license at any time without notice.
11. **Branding.** All trademarks, service marks, trade names, logos, domain names, and any other features of Verizon Wireless's brand are the sole property of Verizon Wireless and Verizon Wireless does not grant any rights to such branding to Customer for any use at all. Customer may not remove or alter any copyright, trademark, or other intellectual property notices of the Service.
12. **User Content.** For certain eligible devices, the Service allows Customer to upload a photo to display. Customer may choose to attach a photo from Customer own photo gallery, a new photo that Customer take, or a photo available for use from an Internet search that Customer conducts. Customer is responsible for any content that Customer uploads to the Service. Verizon Wireless does not monitor or control the content Customer chooses to send via the Service and, Verizon Wireless disclaims all responsibility for such content. Photos that Customer did not take may be subject to copyright protection which limits or prohibits their copying, transmission and/or use. Customer agrees that Customer will not attach copyrighted content in a way that infringes any copyright, and that Customer is wholly responsible for any copyright infringement resulting from Customer's conduct. If Customer is unsure about whether Customer's conduct is lawful, Customer should not attach the content.
13. **Digital Millennium Copyright Act Notice.** If Customer believe that Customer content has been improperly used in the Service in a way that constitutes copyright infringement please contact Verizon at the address below. Pursuant to Title II of the DMCA, all claims alleging copyright infringement for material that is believed to be residing on Verizon's system or network should be promptly sent in the form of written notice to Verizon's Designated Agent. The Designated Agent for DMCA Notice is:

Verizon Copyright Department  
 1320 North Courthouse Road, Floor 9  
 Arlington, Virginia 22201, U.S.A.  
 Fax 703.351.3669  
 Email [DMCA@verizon.com](mailto:DMCA@verizon.com)

**NOTE:** No other notices or communications should be sent to the Designated Agent, who is appointed solely for the purpose of receiving notices of claims alleging copyright infringement under the DMCA. Specific requirements for proper notification of claimed infringement are set forth in the DMCA (see 17 U.S.C. § 512(c)(3)). Valid notification must be a written communication that includes all of the following elements:

1. Signature of copyright owner or person authorized to act on behalf of the owner;
2. Identification of copyrighted work claimed to be infringed;
3. Identification of the material claimed to be infringing or to be the subject of infringing activity and information reasonably sufficient to permit the service provider to locate the material;
4. Information reasonably sufficient to permit the service provider to contact the complaining party (address, phone number and, if available, email address);
5. A statement that the complaining party has a good faith belief that use of the material in the manner complained is not authorized by the copyright owner, its agent, or the law; and
6. A statement that the information in the notification is accurate, and under penalty of perjury, that the complaining party is authorized to act on behalf of the owner of the exclusive right allegedly being infringed.

It is the policy of Verizon that upon receipt of a valid DMCA notice Verizon will remove or disable access to allegedly infringing material. There are substantial penalties for false claims (see 17 U.S.C. § 512(f)).

14. **Open Source and Third Party Licenses.** Customer's use of the Service is subject to open source licenses that form part of the Service. Certain software or technical information is licensed from third parties, and may be covered by one or more U.S. Patents, pending U.S. patent applications, and pending counterpart European and international patents. **Important customer information**

Prices referenced in this document are for estimating purposes only. Actual prices will be based on current equipment, calling plan and feature charges available at purchase, device tax due at the time of purchase and are subject to change without notice. Equipment and accessories are subject to availability while supplies last.

Shipping cost and taxes are subject to change during checkout. Activation/upgrade fee/line up to \$35; restocking fee per device up to \$50. An Economic Adjustment Charge/line/mo may also apply; \$0.98 for basic phones & tablets; \$2.98 or \$3.97 for smartphones & data devices and for wireless business internet plan lines. Subject to business agreement, Calling Plan & credit approval. Either an Offer Recovery Fee or up to \$650 Early Termination Fee may apply. If applicable, your line's Offer Recovery Fee will be the sum of device discounts plus device credits you receive. Offers & coverage, varying by svc, not available everywhere: see vzw.com. Monthly charges are shown before taxes, and VZW surcharges/line/mo (including 32.8% Fed. Univ. Svc.; \$1.95 (voice)/\$0.06 (data-only) Admin Chrg; \$0.16 (voice)/\$0.02 (data-only) Regulatory Chrg). Your organization may qualify for better pricing when the final price is calculated upon checkout. In some states, sales tax is calculated on the full retail price or the VZW cost of the device you purchase, and not on the discounted price you pay. Some users may not be permitted to bill charges to their account, purchase order, and/or credit card. This may prevent you from completing your order online today. CA and NV calculate tax based on full retail value of the item(s) purchased. MA calculates tax on whichever is greater: full retail value or Verizon's cost of the item(s) purchased.
