Meet Your New Recreation & Public Information Manager

In early February, the Village welcomed **Amy Scholz** to its staff as the Recreation & Public Information Manager. Amy comes to us with nearly 9 years of experience in government recreation. She previously worked for Park Districts in Park Ridge & Highland Park. "I am excited to work with the talented staff, Board of Trustees, and residents of Hawthorn Woods to bring people together in such a wonderful community" said Scholz. She continued, "I look forward to meeting everyone in the community at all of our amazing events."

Amy grew up nearby, attending Mundelein High School all 4 years. She graduated with a bachelor's degree in Recreation & Park Administration and a minor in Business Administration from Illinois State University. She is passionate about parks and recreation and public service. Amy can be reached at ascholz@vhw.org or at (847) 847-3533.

Mayor's Message

Dear Neighbors,

Holding office and serving in the Village of Hawthorn Woods is one of the most fulfilling endeavors of my life. I am grateful for all that I have learned and experienced, and look forward to more.

The Village of Hawthorn Woods continues to be on solid financial footing. Our year wrapped up in December under budget, and with a healthy sweep of dollars into our reserves. Our annual zero based budgeting techniques are proving to be very successful in the management of our finances and programs. In November, the Board approved the new 2014 annual budget. As in previous years our budget follows a conservative approach to not only expenditures but also expected revenues. We are fortunate to have such a capable and dedicated staff working on our financial behalf.

New development activity in the Village has staff very busy in the new year. In February the Pulte Home Corporation presented a plan for property on the NW corner of Gilmer and Midlothian Roads. The development concept includes new housing, open space, new parklands as well as a small retail portion on the corner frontage of the property. The project is being reviewed by our Planning Building and Zoning Commission, and should come before the board in the next month or so. Check our website for updates on this exciting development.

In September of 2013 the Village began the process of updating our Comprehensive Plan. We were fortunate in receiving a grant from CMAP in the amount of \$90,000 to assist us in writing the plan – kudos to staff in winning this grant. With the grant we were able to hire Houseal Lavigne & Associates, a dynamic planning group who is assisting us in preparing the plan. We have held several public meetings as well as workshops where residents, elected officials, & staff all took part in interactive presentations & idea generation. We seek to wrap up the process in the first part of the year. Check our website for upcoming meetings and interactive details of the plan.

Check out our Parks and Rec section on our website for some great community events coming to our Village. On February 22nd we held our first ever Winter Carnival. We were proud to host Hawthorn Woods families who came out to Community Park for this event and enjoyed refreshments, entertainment, music, ice sculpture demonstration, snowman contest, winter games, sledding, old fashioned wagon rides and culminated with an amazing laser light show.

This month we also enjoyed the grand opening of Mariano's Grocery on the corner of Quentin Road and Rt. 22. It is a fabulous operation offering so much more than your typical grocery store. Although technically not in our Village, we will benefit with 20% of tax revenues from this store going directly to Hawthorn Woods – another reason to shop at Mariano's.

Late last year I was asked to serve on the Illinois Tollway's Finance committee to explore funding/financing options for the potential construction of the Rt. 53 extension from Lake Cook Road to Rt. 120. The committee has had 3 meetings to date where we discussed the history of the Rt. 53 issue, the current recommendation of the Blue Ribbon Advisory Committee, and a menu of options for funding & financing. The estimates for construction of the road are in the \$3 billion dollar area as currently designed. If constructed as currently envisioned, the road would have a bonding potential of approximately \$600 million dollars based on projected toll revenues. This leaves a funding gap of approximately \$2.4-\$2.5 billion dollars. Our committee is tasked with vetting the various funding/financing options available and to make a recommendation to the full Tollway Board by end of 2014. You can find out more about this issue by visiting <http://www.illinoistollway.com/construction-and-planning/community-out-reach> and clicking on the Rt. 53/Rt. 120 button.

It is an election year and I urge you to get involved in our governance. There are many important positions being contested in the County and State, including the Governor's office. I believe our state is at a watershed moment with regards to our leadership, and never has it been more important for us to get informed, get involved, and most importantly – vote.

I thank you again for your continued support and trust of our board. If you should have any questions please feel free to reach out to me directly.

Warmest regards, Joe

Help Us Create A Comprehensive Plan for the Village of Hawthorn Woods

What is a Comprehensive Plan?

The Village of Hawthorn Woods Comprehensive Plan will serve as the official guide for land use, physical improvement and development. The Comprehensive Plan will provide a foundation for decision-making based on community consensus, community vision, existing conditions and future potentials. The Plan is intended to serve as a "road map" for 10 to 15 years into the future by guiding policy decisions and helping the community achieve its long-term objectives.

The Comprehensive Plan for the Village of Hawthorn Woods will address a variety of topics and will likely include community-wide plans for land use and development, annexation and growth areas, transportation and mobility, open space and environmental features, community facilities, and infrastructure. Individuals can go to the website and view the latest activity and comments from community residents.

You can post your own insights as well at <http://www.hiplanning.com/clientportals/hawthornwoods>.

Public Works — Keeping our Village Safe

Your Public Works department has been working to keep our Village safe this Winter every weekend for the past 13 weeks, in addition to the normal Public Works work hours and functions. Public Works has worked on snow/ice control over 50 separate days since December. This has been an exceptionally challenging Winter for all of us.

During the winter season the Village performs snow and ice removal operations on Village owned streets. Public Works plows approximately 52 centerline miles of road that is split into 6 different routes. All residents are reminded that during and after snow and ice events roadway surfaces may not provide as much traction as would otherwise exist. Driving with extra caution is recommended.

Depositing snow on the street from private driveways creates a hazard and is very dangerous after it freezes. When removing snow from private property, please avoid shoveling snow onto or across village streets. Parking is prohibited on any street during snowfall events as on-street vehicles impede the ability to clear the street of snow.

To reach Hawthorn Wood's Snow Command, please call Public Works at 847-540-5227 during Public Work's normal working hours of Monday through Friday, 7:00am to 3:30pm. If calling after hours, please leave a message and we will get back to you as soon as possible. Thank you for being patient this Winter while crews work to clear all the roadways.

Village of Hawthorn Woods Annual GOLF Outing

Mark your calendars on Monday, May 12th for the annual Village of Hawthorn Woods Golf Outing, hosted by Mayor Joseph Mancino. Proceeds of the day go towards community special events such as our upcoming firework display and concerts in the park. For more information on attending the event or becoming an event sponsor please contact:

- Brian Sullivan, Director of Parks & Recreation (847) 847-3531 or bsullivan@vhw.org
