RE: Village of Hawthorn Woods Electricity Aggregation Program
ComEd Service Address: Customer premise address

Dear Resident or Small Business Owner:

The Village of Hawthorn Woods (“the Village”) is pleased to inform you that the Village is continuing its electricity aggregation program that began in 2013. Through a competitive bid process, the Village has selected MC Squared Energy Services, LLC (“mc²”), a Chicago based electricity supplier, to provide eligible residents and small businesses with an electricity supply price equal to the ComEd published tariff rate for a 36-month term beginning with the February 2020 to February 2023 meter read cycle. In addition, this new Electricity Aggregation Program provides the Village with an environmental reserve fund at no increased cost to the Village residents.

This notice is informational only. Your electric utility has informed us that you are currently served or have chosen to be served by another competitive retail electric supplier. **If you want to continue to receive service from your chosen electricity supplier, you do not need to take additional action.**

However, if you wish to be served by mc² as your electricity provider within the Village’s Electricity Aggregation Program, you must take action. You may enroll online by visiting www.mc2energyservices.com/special (entering the promo code **Hawthorn Woods**) or by calling 1-855-285-7838 Monday through Friday, 8 a.m. to 5 p.m. There is no enrollment or early termination fees.

For more information, email HawthornWoods@mc2energyservices.com or call 1-855-285-7838, Monday through Friday, 8 a.m. to 5 p.m. We encourage you to contact mc² first before contacting the Village with any questions. Please beware: any solicitor who comes to your door or calls on the phone asking you to switch to a supplier is not associated with the Village of Hawthorn Woods, mc², or ComEd.

Sincerely,

Village of Hawthorn Woods
