# Tree Bark Rubbings

What you will need:

- Old crayons
- Paper (easel paper works best)
- Packing tape

How to make:

- Remove the outer paper from all of the crayons.
- Take the paper and wrap it around the trunk of your tree.
- Secure the paper to the tree with packing tape.
- Using the long side of the crayons, (not the normal tip but the side of the crayon) rub the crayons on the paper to pick up the grooves of the tree bark. The rubbings make the coolest pattern!
